Website Where Meeting Materials are Posted

The Circular, financial statements of the Corporation for the year ended December 31, 2016 (“**Financial Statements**”) and management’s discussion and analysis of the Corporation’s results of operations and financial condition for 2016 (“**MD&A**”) may be viewed online via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) at www.sedar.com or on the Corporation’s website at www.giyanigold.com.

Obtaining Paper Copies of Materials

Shareholders may also obtain paper copies of the Circular, Financial Statements and MD&A free of charge by contacting Computershare toll-free at 1-866-964-0492 or upon request to the Corporation’s Corporate Secretary.

A request for paper copies which are required in advance of the Meeting should be sent so that they are received by the Corporation or Computershare, as applicable, by June 19, 2017 in order to allow sufficient time for Shareholders to receive the paper copies and to return their proxies or voting instruction forms to intermediaries not later than 48 hours (excluding Saturdays, Sundays and statutory holidays in the City of Toronto, Ontario) prior to the time set for the Meeting or any adjournments or postponements thereof (the “**Proxy Deadline**”).

Notice-and-Access

The Corporation is utilizing the notice-and-access mechanism (the “**Notice-and-Access Provisions**”) that came into effect on February 11, 2013 under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* and National Instrument 51-102 – *Continuous Disclosure Obligations*, for distribution of Meeting materials to registered and beneficial Shareholders. The Notice-and-Access Provisions allow reporting issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via SEDAR and one other website, rather than mailing paper copies of such materials to Shareholders. The Corporation anticipates that using notice-and-access for delivery to all Shareholders will directly benefit the Corporation through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

The Corporation will not use procedures known as “stratification” in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of the Circular to some Shareholders with this notice package. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of the Circular.

Shareholders with questions about notice-and-access can call the Corporation’s transfer agent Computershare Investor Services Inc. (“**Computershare**”) toll-free at 1-866-964-0492.

Voting

The board of directors of the Corporation (the “**Board**” or “**Board of Directors**”) has fixed the close of business on May 19, 2017 as the record date (the “**Record Date**”) for the purpose of determining Shareholders entitled to receive notice of, and vote at, the Meeting. The failure of any Shareholder to receive notice of the Meeting does not deprive such Shareholder of the right to vote at the Meeting. Only Shareholders of record at the close of business on May 19, 2017 are entitled to vote at the Meeting.

All Shareholders are invited to attend the Meeting and may attend in person or may be represented by proxy. A “beneficial” or “non-registered” Shareholder will not be recognized directly at the Meeting for the purposes of voting common shares registered in the name of his/her/its broker; however, a beneficial Shareholder may attend the Meeting as proxyholder for a registered Shareholder and vote the common shares in that capacity. Only Shareholders as of the Record Date are entitled to receive notice of and vote at the Meeting. Shareholders who are unable to attend the Meeting in person, or any adjournments or postponements thereof, are requested to complete, date and sign the form of proxy (registered holders) or voting instruction form (beneficial holders).

SHAREHOLDERS ARE REMINDED TO REVIEW THE CIRCULAR BEFORE VOTING.

Dated at Oakville, Ontario this 19th day of May, 2017.

BY ORDER OF THE BOARD OF DIRECTORS

(Signed) “*Duane Parnham*”

MANAGEMENT INFORMATION CIRCULAR FOR ANNUAL & SPECIAL MEETING OF SHAREHOLDERS (Containing Information as at May 19, 2017, unless otherwise stated)

Giyani Gold Corp. (the “Corporation”) is utilizing the notice-and-access mechanism (the “Notice-and-Access Provisions”) that came into effect on February 11, 2013 under National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) and National Instrument 51-102 – *Continuous Disclosure Obligations* (“NI 51-102”) for distribution of this Circular (as defined below) to both registered and non-registered (or beneficial) shareholders of the Corporation (collectively, the “Shareholders”). Further information on notice-and-access is contained below under the heading *Notice-and-Access* and Shareholders are encouraged to read this information for an explanation of their rights.

SOLICITATION OF PROXIES

This management information circular (the “Circular”) is furnished in connection with the solicitation of proxies by the management of the Corporation for use at the annual general & special meeting (the “Meeting”) of Shareholders of common shares without par value in the capital of the Corporation (the “Shares”), to be held on Thursday, the 29th day of June, 2017, at the time and place and for the purposes set forth in the accompanying notice of meeting (the “Notice”) and at any adjournment thereof. It is expected that the solicitation of proxies on behalf of management will be primarily by mail; however, proxies may be solicited personally or by telephone by the regular officers, employees or agents of the Corporation. The cost of soliciting proxies on behalf of management will be borne by the Corporation. The Corporation may also reimburse brokers and other persons holding Shares in their names or in the name of nominees, for their costs incurred in sending proxy materials to beneficial owners and obtaining their proxies or voting instructions.

NOTICE-AND-ACCESS

As noted above, the Corporation is utilizing the Notice-and-Access Provisions that came into effect on February 11, 2013 under NI 54-101 and NI 51-102 for distribution of this Circular to all registered Shareholders and Non-Registered Holders (as defined under “Appointment of Proxies – Non-Registered Holders”)

The Notice-and-Access Provisions are a new set of rules that allows reporting issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the System for Electronic Document Analysis and Retrieval (“SEDAR”) and one other website, rather than mailing paper copies of such materials to Shareholders. Electronic copies of the Circular, financial statements of the Corporation for the year ended December 31, 2016 (“**Financial Statements**”) and management’s discussion and analysis of the Corporation’s results of operations and financial condition for 2016 (“**MD&A**”) may be found on the Corporation’s SEDAR profile at www.sedar.com and also on the Corporation’s website at www.giyanigold.com. The Corporation will not use procedures known as “stratification” in relation to the use of Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of this Circular to some Shareholders with the notice package. In relation to the Meeting, all Shareholders will receive the required documentation under the Notice-and-Access Provisions, which will not include a paper copy of this Circular. **Shareholders are reminded to review this Circular before voting.**

Although this Circular, the Financial Statements and the MD&A will be posted electronically on-line as noted above, Shareholders will receive paper copies of a “notice package” via prepaid mail containing the Notice with information

prescribed by NI 54-101 and NI 51-102, a form of proxy or voting instruction form, and supplemental mail list return card for Shareholders to request they be included in the Corporation's supplementary mailing list for receipt of the Corporation's interim financial statements for the 2016 fiscal year.

The Corporation anticipates that Notice-and-Access will directly benefit the Corporation through a substantial reduction in both postage and material costs, and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Shareholders with questions about Notice-and-Access can call the Corporation's transfer agent Computershare Investor Services Inc. ("**Computershare**") toll-free at 1-866-964-0492. Shareholders may also obtain paper copies of this Circular, the Financial Statements and the MD&A free of charge by contacting Computershare at the same toll-free number or upon request to the Corporate Secretary of the Corporation.

A request for paper copies which are required in advance of the Meeting should be sent so that they are received by the Corporation or Computershare, as applicable, by June 19, 2017 in order to allow sufficient time for Shareholders to receive their paper copies and to return a) their form of proxy to the Corporation or Computershare, or b) their voting instruction form to their Intermediaries (as defined below) by its due date.

APPOINTMENT OF PROXIES

The persons named in the accompanying form of proxy (the "**Proxy**") are representatives of management of the Corporation and are directors and/or officers of the Corporation. **A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR HIM/HER ON HIS/HER BEHALF AT THE MEETING OTHER THAN THE PERSONS NAMED IN THE ENCLOSED PROXY. TO EXERCISE THIS RIGHT, A SHAREHOLDER MAY STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE PROXY AND INSERT THE NAME OF HIS/HER NOMINEE IN THE BLANK SPACE PROVIDED, OR COMPLETE ANOTHER PROXY. A PROXY WILL NOT BE VALID UNLESS IT IS DEPOSITED WITH COMPUTERSHARE, AT 100 UNIVERSITY AVENUE, 9TH FLOOR, TORONTO, ONTARIO, M5J 2Y1, NOT LESS THAN 48 HOURS (EXCLUDING SATURDAYS, SUNDAYS AND HOLIDAYS) BEFORE THE TIME OF THE MEETING OR ANY ADJOURNMENT THEREOF. ALTERNATIVELY, PROXIES MAY BE FAXED TO 1-866-249-7775 (TOLL-FREE) BY SUCH TIME, IN WHICH EVENT ALL PAGES OF A PROXY SHOULD BE RETURNED.**

The Proxy must be signed by the Shareholder or by his/her attorney in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer.

NON-REGISTERED HOLDERS

Only those Shareholders whose names appear on the central security register of the Corporation (the "**Registered Shareholders**"), or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Shares beneficially owned by a holder (a "**Non-Registered Holder**") are registered either:

- (a) in the name of an intermediary (an "**Intermediary**") that the Non-Registered Holder deals with in respect of the Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

In accordance with the requirements of NI 54-101, the Corporation has distributed copies of this Circular, the Notice, the MD&A and the Financial Statements (together, the "**Meeting Materials**") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- A. be given a voting instruction form which must be completed and signed by the Non-Registered Holder in accordance with the directions on the voting instruction form (which may in some cases permit the completion of the voting instruction form by telephone); or

- B. be given a Proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Shares beneficially owned by the Non-Registered Holder, but which is otherwise uncompleted. This Proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and deposit it with Computershare, as described above.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Shares they beneficially own. Should a Non-Registered Holder who receives either a Proxy or a voting instruction form wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the Proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. ***In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies.***

REVOCATION

A Registered Shareholder who has given a Proxy may revoke the Proxy by:

- (a) completing and signing a Proxy bearing a later date and depositing it with Computershare as described above;
- (b) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing: (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment of the Meeting, at which the Proxy is to be used, or (ii) with the chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment of the Meeting; or
- (c) in any other manner permitted by law.

A Non-Registered Holder may revoke a voting instruction form or a waiver of the right to receive meeting materials and to vote given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary may not be required to act on a revocation of a voting instruction form or of a waiver of the right to receive meeting materials and to vote that is not received by the Intermediary at least seven days prior to the Meeting.

VOTING OF PROXIES

The management representatives designated in the enclosed Proxy will vote or withhold from voting the Shares in respect of which they are appointed by Proxy on any ballot that may be called for in accordance with the instructions of the Shareholder as indicated on the Proxy and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. **In the absence of such instructions, such Shares will be voted by the management representatives: (i) FOR the election of each of the individual nominees named in this Circular as directors of the Corporation; (ii) FOR the appointment of MNP LLP, Chartered Accountants, Toronto, Ontario, as auditor of the Corporation and the authorization of the directors of the Corporation to fix the auditor's remuneration; (iii) FOR the re-approval of the Corporation's stock option plan; and (iv) FOR the shares for debt resolution.**

The enclosed Proxy confers discretionary authority upon the management representatives designated in the Proxy with respect to amendments to or variations of matters identified in the notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Circular, management of the Corporation know of no such amendments, variations or other matters.

ADVANCE NOTICE POLICY

Pursuant to the Corporation's advance notice policy approved by the board of directors (the "**Board**" or the "**Board of Directors**") of the Corporation on August 15, 2013, and ratified, confirmed and approved by the Shareholders on June 27, 2014 (the "**Advance Notice Policy**"), a shareholder of the Corporation wishing to nominate an individual to be a director, other than pursuant to a requisition of a meeting made pursuant to the *Business Corporations Act* (British Columbia) (the "**Act**") or a shareholder proposal made pursuant to the provisions of the Act, is required to comply with the Advance Notice Policy that provides that, in the case of an annual meeting of shareholders such as the Meeting,

The foregoing is merely a summary of the Advance Notice Policy, is not comprehensive and is qualified by the full text of such policy, a copy of which is attached as Schedule “D” to the May 16, 2014 management information circular of the Corporation which is available under the Corporation’s issuer profile on SEDAR at www.sedar.com.

MNP will hold office until the next annual general meeting of the Shareholders or until its successor is appointed.

Effective January 13, 2017 PricewaterhouseCoopers LLP, Chartered Accountants, resigned as auditors of the Corporation. PricewaterhouseCoopers LLP had been auditors of the Corporation since August 4, 2013. In replacement thereof, and in accordance with the provisions of National Instrument 51-102 – Continuous Disclosure Obligations (“NI 51-102”), the Board appointed MNP LLP as auditors of the Corporation effective January 13, 2017.

In accordance with the requirements of NI 51-102, attached hereto as Schedule “D” is a copy of the reporting package related to the resignation of PricewaterhouseCoopers LLP as former auditors and the appoint of MNP LLP as successor auditors of the Corporation.

The Corporation’s stock option plan dated July 26, 2011, as amended, (the “**Stock Option Plan**”) is a “rolling” stock option plan. Accordingly, Shareholders will be asked to pass an ordinary resolution to re-approve the Stock Option Plan. Certain details of the Stock Option Plan are set forth below.

The Board recommends that Shareholders vote in favour of the Stock Option Plan. In the absence of contrary instructions, the persons named in the accompanying Proxy intend to vote any Shares represented by such Proxies held by them FOR the re-approval of the Stock Option Plan.

SHARES FOR DEBT

Background

Recognizing the need to conserve capital and improve the Corporation's balance sheet while financing resource companies remains challenging, the Corporation proposes to settle \$288,378.56 of debt owed to Mr. Duane Parnham (the "**Related Party**"), being the executive chairman and a director of the Corporation, subject to the receipt of all necessary shareholder and regulatory approvals, by having the Corporation issue 901,183 Common Shares to him at a deemed price of \$0.32 per Common Share in settlement and satisfaction of such debts (the "**Shares-for-Debt Transaction**"). The debt represents unpaid management fees. The deemed price of the Common Shares represents the closing price on the date of the news release announcing the debt settlement on May 19, 2017. Mr. Parnham has also agreed to cancel \$288,378.70 of debts owed to him for no additional consideration. Pursuant to this settlement, the Corporation is removing debts owed to Mr. Parnham in the aggregate amount of \$576,757.26.

The Board of Directors of the Corporation, with Mr. Parnham abstaining, unanimously approved proceeding with the settlement of the debts owed.

Pursuant to the policies of the TSX Venture Exchange, a shares-for-debt settlement with "Insiders" requires the approval of a majority of the disinterested shareholders of the Corporation who vote on the applicable resolution at a meeting of the shareholders. Accordingly, Mr. Parnham and any private corporation controlled by him, or his associates and affiliates will not be entitled to vote on the resolution to approve the Shares-For-Debt Transaction.

Related Party Rules

As the Corporation is a reporting issuer in Ontario, British Columbia and Alberta, the Shares-for-Debt Transaction is also subject to and Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions* ("**MI 61-101**"), a multilateral instrument of the Canadian Securities Administrators intended to regulate certain transactions to ensure the protection and fair treatment of minority security holders. MI 61-101 requires, in certain circumstances, enhanced disclosure, approval by a majority of security holders, excluding interested or a Related Party, and the preparation of independent valuations and approval.

The protections afforded by MI 61-101 apply to "related party transactions" (as such term is defined in MI 61-101). The Shares-for-Debt Transaction is a "related party transaction" under MI 61-101 as the Corporation is proposing issuing securities to insiders of the Corporation qualifying as a "related party" (as such term is defined in MI 61-101). Each of the Officers and Directors of the Corporation and their affiliates (as well as the Related Party set out above and their affiliates) is a "related party" to the Corporation.

While the Shares-for-Debt Transaction constitutes a "related party transaction" under MI 61-101, it is not subject to the requirement to obtain a formal valuation nor minority shareholder approval. The Corporation is exempt from such requirements in MI 61-101 since the fair market value of the Shares-for-Debt Transaction would not exceed 25% of the Corporation's market capitalization at the time the Shares-for-Debt Transaction was negotiated between the Corporation and the Related Party. There were no prior valuations in respect of the Corporation that relate to or are otherwise relevant to the Shares-for-Debt Transaction.

Shares-for-Debt Resolution

In accordance with TSX Venture Exchange policies, disinterested shareholders of the Corporation will be asked to approve the following resolution authorizing the Shares-for-Debt Transaction with the Related Party:

“BE IT RESOLVED AS AN ORDINARY RESOLUTION THAT:

1. Subject to the approval of the TSX Venture Exchange and the Shareholders excluding the Related Party named above, the Corporation be and is hereby authorized to issue, at such time as the directors of the Corporation may, in their sole discretion determine, up to an aggregate of 901,183 Common Shares of the Corporation, in lieu of up to an aggregate of \$288,378.56 of cash consideration in settlement of debts of up to \$288,378.56 at a rate of \$0.32 per Common Share; and

2. Any one director or officer of the Corporation is hereby authorized to execute (whether under the corporate seal of the Corporation or otherwise) and deliver all such documents and to do all such other acts and things as such director or officer may determine to be necessary or advisable in connection with these resolutions, the execution of any such document or the doing of any such other act or thing by an director or officer of the Corporation being conclusive evidence of such determination.”

In accordance with the requirement to obtain disinterested shareholder approval, shares beneficially owned by the Related Party named above or by their holding corporations, associates or affiliates (as such terms are defined in the TSX policies) will not be eligible to vote on this resolution. As at the date hereof, the Related Party named above own or control, directly or indirectly, in the aggregate 7,569,621 Common Shares representing approximately 11% of the issued and outstanding Common Shares of the Corporation.

The Corporation’s board of directors recommends that shareholders vote FOR the approval of the Shares-for-Debt Transaction resolution. In the absence of contrary instructions, the persons designated by management of the Corporation in the enclosed form of proxy intend to vote **FOR** the approval of the Shares-for-Debt Transaction resolution.

OTHER MATTERS

Management of the Corporation knows of no amendment, variation or other matter to come before the Meeting other than the matters referred to in the Notice. However, if any other matter properly comes before the Meeting, the form of proxy furnished by the Corporation will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This compensation discussion and analysis describes and explains the Corporation’s policies and practices with respect to the compensation of the Corporation’s named executive officers, being its Chief Executive Officer (or person who acted in a similar capacity), Chief Financial Officer and the three most highly compensated executive officers other than the Chief Executive Officer and Chief Financial Officer (collectively, with the Executive Chairman, Chief Executive Officer and Chief Financial Officer, the “NEOs”) for the financial year ended December 31, 2016.

Executive Compensation

In accordance with the provisions of applicable securities legislation, the Corporation’s two NEOs during the financial year ended December 31, 2016 were: Mr. Duane Parnham, Executive Chairman and Mr. Daniel Crandall, the Chief Financial Officer.

The Compensation Committee determines the compensation of the Corporation’s NEOs and the directors of the Corporation with a view to ensuring that the remuneration appropriately reflects the responsibilities and risks involved in being an effective executive officer and/or director of the Corporation. The Compensation Committee periodically reviews the Corporation’s compensation philosophy and objectives taking into consideration various factors discussed below.

A summary of the compensation received by the NEOs as of December 31, 2016 for the financial year ended December 31, 2016 is provided under the heading “Summary Compensation Table” below. A summary of the compensation received by the non-NEO directors of the Corporation for the financial year ended December 31, 2016 is provided under the heading “Compensation of Directors” below.

Nature and Responsibilities of the Compensation Committee

The Compensation Committee is responsible for making recommendations to the Board with respect to, among other things: executive and director compensation, including reviewing and determining director compensation, overseeing the Corporation's base compensation structure and equity-based compensation program, recommending compensation of the Corporation's officers and employees and evaluating the performance of officers generally and in light of annual goals and objectives and any changes with a view to providing competitive compensation programs which attract, motivate and retain high-caliber individuals.

The Compensation Committee also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Corporation's senior management. The Compensation Committee reviews the compensation of senior management on an annual basis taking into account compensation paid by other issuers of similar size and activity. A copy of the Compensation Committee Charter can be found on the Corporation's website at www.giyanigold.com.

Recommendations of the Compensation Committee are referred to the Board for approval, modification or amendment.

Composition of the Compensation Committee

To ensure the effectiveness of the Compensation Committee oversight in determining executive compensation, a majority of the members of the Compensation Committee are independent and one of its members serves as Chief Executive Officer of another company. Philosophy and Objectives of the Compensation Program

The Corporation is a junior resource company with limited resources. The intention of the compensation program is to ensure that the corporate objectives and strategy approved by the Board are supported by appropriate compensations awards on results oriented basis. The compensation program for the senior management and directors of the Corporation is designed within this context with a view that the level and form of compensation should achieve certain objectives, including:

- (a) to enable the Corporation to attract, retain and motivate qualified executive officers and directors of the highest calibre in light of the strong competition in the mining sector for qualified personnel;
- (b) to ensure that the interests of the Corporation's executive officers, directors, the Corporation and the interests of the Shareholders are aligned;
- (c) to provide a strong incentive to the executive officers and directors of the Corporation to contribute to the achievement of the Corporation's short-term and long-term corporate goals;
- (d) to recognize that the successful implementation of the Corporation's corporate strategy cannot necessarily be measured, for a junior resource company, only with reference to quantitative measurement criteria of corporate or individual performance; and
- (e) to provide fair, transparent, and defensible compensation.

The compensation that is paid to the Corporation's executive officers generally consists of a base amount for consulting fees or salary payable on an monthly or annual basis, performance bonuses (paid in cash, fully paid common shares, or a combination thereof) and equity incentives. The Corporation's compensation policy reflects a belief that an element of total compensation for the Corporation's executive officers should be "at risk" and aligned with long-term interests of the Corporation and its Shareholders in the form of Shares or Options, so as to create a strong incentive to build shareholder value.

Elements of Compensation

Given the size of the Corporation's operations and the very small number of employees and executives, the Corporation's compensation practices must be flexible, entrepreneurial and geared to the objectives of securing the best executives to manage the Corporation. During the financial year ended December 31, 2016, there were two key elements used to compensate the NEOs, consisting of base salary or consulting fees and long-term incentives in the form of Options. The Compensation Committee reviewed compensation of other publicly listed junior exploration companies with a view to analyzing NEO compensation. During the financial year ended December 31, 2016 there were two key elements used to compensation most of the NEOs, consisting primarily of base salary or consulting fees and long term incentives in the form of stock options. There has been intense competition in the mining industry for executives who have extensive industry experience and the necessary skills to achieve specified corporate objectives and deliver long-term shareholder value.

The Corporation believes that providing competitive overall compensation enables the Corporation to attract and retain qualified executives. Grants of long-term incentives in the form of Options serve to further encourage the retention of the Corporation's NEOs while incentivizing the NEOs to create and protect shareholder value. No cash bonuses were paid for the financial year ended December 31, 2016.

In setting compensation, the Compensation Committee considers various factors. Firstly, the remuneration package for each executive, as a whole, must be reasonably competitive with other similar companies. Secondly, the cash component must be such that the Corporation, in the junior resource sector, can reasonably support it, taking into account that cash is directed into exploration, expansion and acquisition programs. Thirdly, the compensation package should be competitive relative to the Corporation's peer group.

The Corporation has no pre-set formula for determining amounts to be paid as a bonus. Instead, the approach is to consider the overall position of the Corporation compared to the objectives and strategy previously approved by the Board, taking into account the unique aspects of operating in South Africa. In addition, the Compensation Committee has identified the significant elements of each senior management position and uses these criteria as one of the bases for determining compensation for each NEO.

The non-cash component consists of grants made pursuant to the Stock Option Plan. All Options that have been granted to management and the Board vest immediately and, by setting the Option price at a reasonable level such that there is a strong incentive to build shareholder value over the medium and longer term while avoiding the short-term approach to decision making, this element provides the incentive for management and the Board to look at the Corporation's operations on a multi-year horizon. Given the relatively small size of the Corporation and the dedicated management team, equity based compensation arrangements, which are typically more complex than the existing Stock Option Plan, have not been considered necessary to date.

Accordingly, the Corporation applies the salary, bonus and Option elements to provide the short, medium and longer term benefits and incentives described above.

No NEO or Director is permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, or equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or Director.

Determination of Compensation

The Compensation Committee is, among other things, responsible for determining all forms of compensation and for evaluating the Chief Executive Officer's performance and that of the other NEOs. The goals and objectives set for the NEOs for the year ended December 31, 2016 related to continuing the development of the Corporation's South African mining projects and implementing a financing plan for the Corporation.

The appropriate quantum and form of compensation for the NEOs has been based on their qualifications, level of experience, and the compensation being paid to comparable executives working for junior mining companies in the Corporation's peer groups. In making compensation recommendations to the Board in respect of these elements, the Compensation Committee considers both the cumulative compensation being granted to executives as well as internal comparisons among the Corporation's executives. The Compensation Committee discusses reviews and assesses the performance of each NEO at the year end. At that time, the Chief Executive Officer makes a proposal of an appropriate remuneration package for each NEO (other than the Chief Executive Officer) for the consideration of the Compensation Committee for the upcoming year.

Base Salaries

Base salaries or equivalent consulting fees for the NEOs are generally fixed by the Board following recommendations from the Compensation Committee. Increases or decreases on a year-over-year basis are dependent on the Compensation Committee's assessment of the performance of the Corporation overall, the Corporation's projects and the individual's overall performance and skills. In determining such amounts, the Compensation Committee generally balances the compensation objectives set out herein including the experience, skill and scope of responsibility of the executive with the goal of keeping cash compensation for its executive officers within the range of cash compensation paid by companies of similar size and industry.

Share-Based and Option-Based Awards

Long-term equity incentive compensation in the form of Options comprises a significant portion of overall compensation for the NEOs and the Board. The Compensation Committee believes that this is appropriate because it creates a strong correlation between variations in the Corporation's Share price and the compensation of its executives, thereby aligning the interests of the Corporation's executives and Shareholders.

The Stock Option Plan provides that Options will be issued pursuant to Option agreements to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation. The grant of Options to executive officers is determined by the Board as recommended by the Compensation Committee. Options assist the Corporation in attracting, motivating and retaining top talent. The Corporation has used initial larger one-time grants to recruit new executives and directors and ensure that the NEOs have a significant stake in the performance of the Corporation. The Compensation Committee reviews the option schedule periodically during each financial year and the contributions made to the Corporation by executive officers to determine whether additional Option grants should be made. Previous grants of Options are taken in account when considering new grants. Options issued have a term of five years which encourages the long-term retention of the Corporation's officers, employees and consultants. No options were granted to NEOs during the last financial year.

Discussions by the Compensation Committee and subsequently by the Board are not dependent on or determined by formal analyses, criteria, benchmarking or objectives and are not linked in any quantitative way to the Corporation's Share price quoted on the Exchange. There are no contractual or other arrangements that must be considered in determining the compensation arrangements. Rather, the Corporation relies on the knowledge and experience of the directors who sit on the Compensation Committee together with background information on other similar companies (subject to the unique aspects of operating in South Africa) in determining appropriate amounts for each element of the compensation package for each NEO.

There has been no significant change to the approach or method for the determination of compensation from that used in prior years.

Assessment of Risks Associated with the Corporation's Compensation Policies and Practices

The Compensation Committee has assessed the Corporation's compensation plans and programs for its executive officers to ensure alignment with the Corporation's business plan and to evaluate the potential risks associated with those plans and programs. The Compensation Committee has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Corporation.

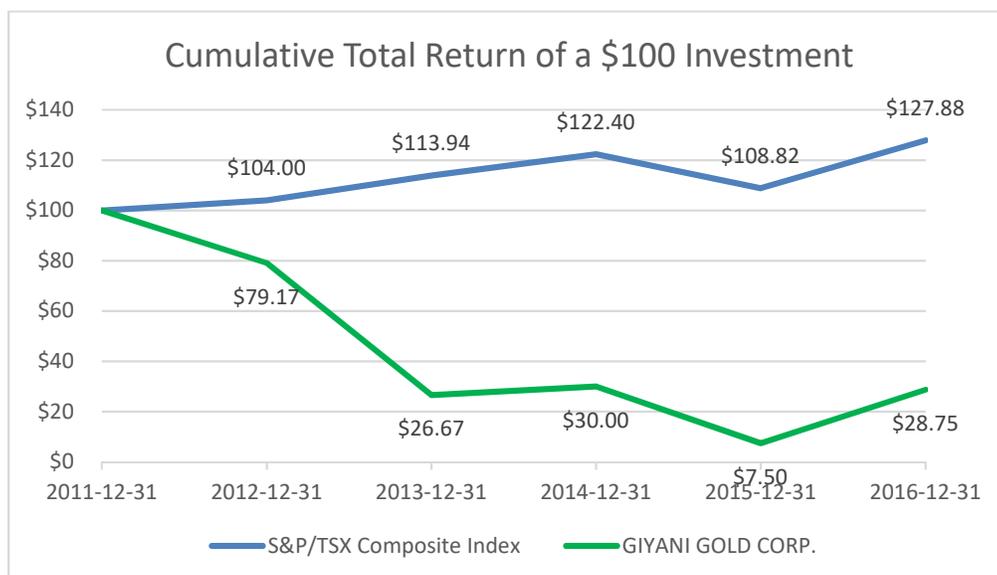

The Compensation Committee considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans, and programs have generally been implemented by or at the direction of the Compensation Committee.

Safeguards to Mitigate Compensation Risk

The Board is of the view that the executive compensation of the Corporation should not raise the Corporation's risk profile. Accordingly, the Corporation's compensation programs are founded on the principles that support the management of risk, ensuring that management's plans and activities are prudent and focused on generating shareholder value with an effective risk control environment. The Compensation Committee designs the Corporation's compensation programs to appropriately reflect risk and to ensure that those programs do not drive risk taking in excess of the Corporation's risk appetite. In general terms, the determination of compensation programs is based upon the Board and Compensation Committee's review with management of the Corporation's short, medium and longer term progress towards the strategies and objectives previously approved by the Board subject, in all cases, to the operating environment of the Corporation together with the specific challenges and responsibilities allocated to the individual and that person's performance in meeting these challenges. In addition, the determination also considers factors not readily susceptible to measurement such as changes in the general economic and political landscape as well as other matters. This approach is results-oriented.

The Corporation is a junior mining exploration company without revenues. Management of the Corporation provides the Board with an annual budget with respect to its operational activities for each fiscal year. The Board and the Compensation Committee are mindful of the need of management to use the Corporation's capital to develop and exploit its mining properties in a meaningful fashion and this is demonstrated through its review of management's annual budgets and operational forecasts and management's ability to meet or surpass the operational goals of the Corporation. The primary method of providing management with incentives is through the granting of Options, and the Board and the Compensation Committee feel that equity-linked instruments are an effective method of risk mitigation. The granting of Options which provide management with the potential for long term gains is considered to be an effective method of minimizing any incentive of management to conduct activities with a view to short term gains.

Incentive Based Awards

Option-Based Awards

The Corporation has a Stock Option Plan in place, which was established to provide incentive to qualified parties to increase their proprietary interest in the Corporation and thereby encourage their continuing association with the Corporation. The grant of Options to executive officers is determined by the Compensation Committee. The Compensation Committee proposes Option grants on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The Stock Option Plan is administered by the Board and provides that Options may be issued to directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation.

The Stock Option Plan is an important part of the Corporation's long-term incentive strategy for its executive officers, permitting them to participate in any appreciation of the market value of the Shares over a stated period of time. The Stock Option Plan is intended to reinforce commitment to medium and long-term growth in profitability and shareholder value. The size of Option grants to officers is dependent on each officer's level of responsibility, authority and importance to the Corporation, and the degree to which such executive officer's long term contribution to the Corporation will be keys to its long-term success. Previous grants of Options are taken into account when considering new grants.

- (5) Mr. Lee became a member of the Board June 25, 2015. John L. Petersen and Scott Breard became members of the Board August 3, 2016.

The Compensation Committee, on behalf of the Board, is responsible for director compensation, including reviewing and determining director compensation.

The Compensation Committee also reviews the compensation of members of the Board of directors on an annual basis, taking into account compensation paid by other issuers of similar size and activity.

Philosophy and Objectives

The Corporation is a junior resource company with limited resources. The compensation program for the Board is designed within this context with a view that the level and form of compensation achieves certain objectives, including:

- (a) to enable the Corporation to attract, retain and motivate qualified board members of the highest calibre in light of the strong competition in the mining sector for qualified board members;
- (b) to ensure that the interests of the members of the board, the Corporation and the interests of the Corporation's Shareholders are aligned;
- (c) to provide a strong incentive to the members of the Board to contribute to the achievement of the Corporation's short-term and long-term corporate goals; and
- (d) to provide fair, transparent, and defensible compensation.

The following summarizes the Compensation Committee's suggested primary purpose of each compensation element and its emphasis:

- (a) Board retainers or cash compensation — paid in cash as a fixed amount of compensation for their responsibilities as member of the board.
- (b) Compensation relating to accepting roles on various committees — annual payments, paid in cash.

The Compensation Committee has considered both the cumulative compensation being granted to members of the Board as well as internal comparisons among the members of the board.

Board Retainers or Cash Compensation

In the Board's view, board retainers or cash compensation should be determined based on the requirements of the members of the board of a junior resource company, as well as a subjective assessment of the compensation the individual could reasonably expect to receive from the Corporation's peers and upon the Corporation's capacity to pay.

The Compensation Committee intends to review the board retainers or cash compensation annually to ensure they remain externally competitive. At the same time, there is an expectation that individual members of the board be accountable and that a review process is a necessary part of that accountability.

During the year ended December 31, 2016, no board retainers were paid.

CORPORATE GOVERNANCE

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

General

The Board believes that effective corporate governance contributes to improved corporate performance and enhanced Shareholder value. The Corporation's governance practices are subject to at least an annual review and evaluation through the Board's Governance and Nominating Committee to ensure that, as the Corporation's business develops and grows, changes in structure and process necessary to ensure continued good governance are identified and implemented.

The Canadian Securities Administrators ("CSA") have adopted National Policy 58-201 – *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Corporation. In addition, the CSA have implemented National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") which prescribes certain disclosure by the Corporation of its corporate governance practices. The following statement has been prepared by the Governance and Nominating Committee and approved by the Board.

The Board of Directors believes that sound corporate governance improves corporate performance and benefits all shareholders, and believes that its practices in most respects are closely aligned to the Guidelines. This section sets out the Corporation's approach to corporate governance and provides the disclosure requested by Form NI 58-101F2.

BOARD OF DIRECTORS

As of the date hereof, the Board is comprised of four members. Four of the directors as at the date hereof are standing for re-election. The Board is responsible for determining whether or not each Director is "independent". To do this, the Board analyzes all the relationships of the Directors with the Corporation and its subsidiaries. Pursuant to NI 58-101 and National Instrument 52-110 – *Audit Committees* ("NI-52-110"), a director is independent if such director has no direct or indirect material relationship with the Corporation, which could, in the view of the Board, be reasonably expected to interfere with the exercise of a member's independent judgment. None of the independent directors is engaged in the day-to-day operations of the Corporation or is a party to any material on-going contracts with the Corporation. More information about each director can be found in the Circular under the heading "Information Concerning Nominees Submitted by Management".

Mr. Duane Parnham is the Executive Chairman of the Corporation and is therefore not considered to be "independent". The Executive Chairman's primary roles are to chair all meetings of the Board and the shareholders, and to manage the affairs of the Board, including ensuring the Board is organized properly, functions effectively and meets its obligations and responsibilities. The Executive Chairman's responsibilities include, without limitation, setting the meeting agenda and chairing meetings of the Board, ensuring that the Board works together as a cohesive team with open communication, and working together with the Governance and Nominating Committee to ensure that a process is in place by which the effectiveness of the Board, its committees and its individual directors can be evaluated on a regular basis. The Executive Chairman also acts as the primary spokesperson for the Board, ensuring that management are aware of the concerns of the Board, shareholders, other stakeholders and the public, and, in addition, ensuring that the Corporation's management strategies, plans and performance are appropriately presented to the Board.

Mr. Eugene Lee and Mr. John Petersen are considered to be "independent" in that neither of them has any direct or indirect material relationship with the Corporation. Mr. Scott Breard is not considered to be independent.

Separation of the Roles of Chairman of the Board and the Chief Executive Officer

The roles of the Executive Chairman and the Chief Executive Officer of the Corporation are separate. In addition to being the primary liaison with the Executive Chairman and the Board itself, the Chief Executive Officer's role is to directly oversee the day-to-day operations of the Corporation, lead and manage the senior management of the Corporation, and to implement the strategic plans, risk management and policies of the Corporation. The Executive Chairman and the Chief Executive Officer work together to ensure that critical information flows to the Board, that discussions and debate of key business issues are fostered and afforded adequate time and consideration, that consensus on important matters is reached, and decisions, delegation of authority and actions are taken in such a manner as to enhance the Corporation's business and functions. The Board currently believes that the separation of these two roles best serves the Corporation and its shareholders.

DIRECTORSHIPS

The following table provides details regarding directors of the Corporation who serve together as directors on the boards of other public companies for the fiscal year ended December 31, 2016:

Director	Other Company	Other Company Committee Appointments
Duane Parnham	Canoe Mining Ventures Corp.; Broadway Gold Mining Corp; Nevada Zinc Corporation	Audit Committee, Technical Committee
Eugene Lee (3)	Canoe Mining Ventures Corp.	Audit Committee, Compensation Committee
John Petersen (3)	None	None
Scott Breard	None	None
Mark Frewin (1)	Forsys Metals Corp.	None
Roger Laine (2)	None	None
Scott Kelly (2)	Canoe Mining Ventures Corp., Newstrike Resources Ltd.; Westbridge Energy Corp.	None.

(1) Mr. Frewin resigned from the Board effective March 31, 2016.

(2) Mr. Kelly and Mr. Laine did not stand for re-election at the September 21, 2016 annual general & special meeting.

(3) Mr. Lee became a member of the Board June 25, 2015. John L. Petersen and Scott Breard became members of the Board August 3, 2016.

The Board has determined that the simultaneous service of some of its directors on other audit committees does not impair the ability of such directors to effectively serve on the Corporation's Audit Committee. No director of the Corporation is, or has been in the last three years, employed as an executive officer of another company where any of the Corporation's current executive officers at the same time serve or served on that company's compensation committee.

ORIENTATION AND CONTINUING EDUCATION

The Corporation does not provide a formal orientation or education program for new directors. However, when new directors are appointed, they receive an informal orientation, commensurate with their previous experience, relating to the Corporation's industry, business and operations and the responsibilities of directors of public companies, as well as training with respect to the Corporation's corporate strategy and the role of the Board, its committees and its directors by the current directors and senior officers. The members of the Board have experience in mineral exploration projects, mining, legal, financial and audit matters and capital markets and they continue to work in these areas. New directors meet with management of the Corporation in addition to the other directors of the Corporation to discuss the Corporation's business. The Board receives a monthly report from management with respect to the Corporation's business. The Board encourages directors to participate in continuing education opportunities in order to ensure that directors maintain or enhance their skills and abilities as directors, and maintain a current and thorough understanding of the Corporation's business.

The Corporation, at the direction of the Governance and Nominating Committee, is in the process of preparing a Board policy manual which is intended to provide a comprehensive introduction to the Board, the committees of the Board and their mandates, and the Corporation. The orientation and continuing education process is reviewed on an annual basis by the Governance and Nominating Committee.

ETHICAL BUSINESS CONDUCT

The Board has determined that the fiduciary duties placed on individual directors by the Corporation's governing corporate legislation, the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Corporation.

The Board has established a Whistle Blower Policy (the "**Whistle Blower Policy**") which, among other things, establishes procedures for the receipt, recording and treatment of complaints and concerns regarding accounting activities, internal controls or auditing matters and the confidential submission of concerns in these areas. In addition, the Board has established a Code of Business Conduct and Ethics ("the **Code**") which, among other things, is intended to establish the Corporation's commitment to a culture of honesty, integrity and accountability. The Code together with the Whistle Blower Policy provides the guidelines for employee behavior and establishes the basis for open communication with a view to ensuring that employees are acting in good faith have the means to report actual or potential violations.

The Board has also established a disclosure policy (the "**Disclosure Policy**"), the objective of which is to ensure that communications with the investing public about the Corporation are timely, factual, accurate, balanced and disseminated in accordance with applicable legal and regulatory requirements.

Each of the policies is reviewed annually. The policies allow employees throughout the organization to report any unethical or illegal activity without fear of reprisal from their fellow employees, supervisor or other officials of the Corporation. Illegal activities include but are not limited to fraud, theft, accounting irregularities and bribery.

NOMINATION OF DIRECTORS

The Board works with the Governance and Nominating Committee to periodically review the size of the Board and any possible requirement for an increase or decrease in members of the Board. It also recruits and reviews candidates for the position of director and selects the most appropriate for submission to the Board as a whole for consideration as a potential director nominee.

For additional discussion of the Governance and Nominating Committee, see *Committees of the Board*:

The Governance and Nominating Committee's considerations include:

- (a) competencies and skills that the Board, as a whole, should possess and the competencies and skills of each current director. The Board reviews, on an annual basis, the requisite skills and criteria for Board members as well as the composition and size of the Board as a whole in order to ensure that the Board has the requisite expertise, that its membership consists of persons with sufficiently diverse and independent backgrounds, and that its membership consists of an appropriate number of independent directors;
- (b) identification of individuals qualified to become Board members, consistent with criteria set out by the Board; and
- (c) questions of independence and possible conflicts of interest of members of the Board and of senior managers.

Following an assessment of the Board by the Governance and Nominating Committee, it has been determined that, based on the current size and operations of the Corporation and the composition of the Board, it would be appropriate to maintain the number of directors of the Corporation at seven directors such that the number of directors of the Corporation proposed for election by the Shareholders at the Meeting is five with two vacancies.

COMPENSATION

The Compensation Committee of the Board determines compensation and incentive awards for the Directors and senior officers of the Corporation based on the individual's skill level and the comparative industry compensation level.

The Corporate Governance and Nominating Committee is not, at this time, comprised of a majority of independent directors. The Executive Chairman does not participate in making appointments to the various committees of the Board. During the fiscal year ended December 31, 2016 the Compensation Committee was comprised of Eugene Lee, Scott Breard and John Petersen. Each member of the Compensation Committee has more than 10 years of experience in their respective field and, throughout that time period, each has been closely involved with implementing and reviewing compensation policies at their respective organizations. Mr. Lee has held senior roles with public and private companies directly related to the mining industry. Mr. Petersen qualifies as an independent director within the meaning of NI 58-101. The primary purpose of the Technical Committee is to stay abreast of progress of engineering studies, exploration programs, and other technical activities, and report progress to the Board. The Technical Committee also works to assist the Board with its duties and responsibilities in evaluating, overseeing the exploration and development of, and reporting on, the Corporation's mining projects.

In addition, the Technical Committee assists the senior officers of the Corporation in fulfilling their responsibility for oversight of the development of corporate exploration and development projects, subject to the supervision and oversight of the senior officers by reviewing and approving technical (geological, drilling, mine engineering and process engineering) plans, schedules, and budgets and the release of material containing technical (engineering or geological) information for compliance with National Instrument 43-101 and industry standards, and designing, establishing and monitoring the Corporation's controls and other procedures (which may include procedures currently used by the Corporation) that are designed to ensure that development of corporate exploration and development projects are on schedule and within budget.
