MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS

(Containing Information as at May 16, 2022, unless otherwise stated)

ABOUT THE SHAREHOLDER MEETING

This management information circular ("**Circular**") is furnished in connection with the solicitation of proxies by the management of Giyani Metals Corp. (the "**Company**" or "**Giyani**") for use at the annual and special meeting ("**Meeting**") of shareholders of common shares ("**Shareholders**") without par value in the capital of the Company (the "**Shares**"), to be held on Thursday, June 16, 2022 at the time and place and for the purposes set forth in the accompanying notice of meeting (the "**Notice**") and at any adjournment or postponement thereof. Unless otherwise indicated, references to dollar amounts are expressed in Canadian dollars amounts ("**CAD**") and United States dollars are referred to as "**USD**".

SOLICITATION OF PROXIES

It is expected that the solicitation of proxies on behalf of management will be primarily by mail; however, proxies may be solicited personally or by telephone by the regular officers, employees or agents of the Company. The cost of soliciting proxies on behalf of management will be borne by the Company. The Company may also reimburse brokers and other persons holding Shares in their names or in the name of nominees, for their costs incurred in sending proxy materials to beneficial owners and obtaining their proxies or voting instructions.

APPOINTMENT OF PROXIES

The persons named in the accompanying form of proxy (the "**Proxy**") are representatives of management of the Company and are directors (the "**Directors**" and each a "**Director**") and/or officers of the Company. **A SHAREHOLDER HAS THE RIGHT TO APPOINT A PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR HIM/HER ON HIS/HER BEHALF AT THE MEETING OTHER THAN THE PERSONS NAMED IN THE ENCLOSED PROXY. TO EXERCISE THIS RIGHT, A SHAREHOLDER MAY STRIKE OUT THE NAMES OF THE PERSONS NAMED IN THE PROXY AND INSERT THE NAME OF HIS/HER NOMINEE IN THE BLANK SPACE PROVIDED OR COMPLETE ANOTHER PROXY. A PROXY WILL NOT BE VALID UNLESS IT IS DEPOSITED WITH COMPUTERSHARE, AT 100 UNIVERSITY AVENUE, 9TH FLOOR, TORONTO, ONTARIO, M5J 2Y1, NOT LESS THAN 48 HOURS (EXCLUDING SATURDAYS, SUNDAYS AND HOLIDAYS) BEFORE THE TIME OF THE MEETING OR ANY ADJOURNMENT OR POSTPONEMENT THEREOF. ALTERNATIVELY, PROXIES MAY BE FAXED TO 1-866-249-7775 (TOLL-FREE) BY SUCH TIME, IN WHICH EVENT ALL PAGES OF A PROXY SHOULD BE RETURNED.**

The Proxy must be signed by the Shareholder or by his/her attorney in writing, or, if the Shareholder is a corporation, it must either be under its common seal or signed by a duly authorized officer.

NON-REGISTERED HOLDERS

Only those Shareholders whose names appear on the central security register of the Company (the "**Registered Shareholders**"), or the persons they appoint as their proxies, are permitted to attend and vote at the Meeting. However, in many cases, Shares beneficially owned by a holder (a "**Non-Registered Holder**") are registered either:

- (a) in the name of an intermediary (an "**Intermediary**") with whom the Non-Registered Holder deals in respect of the Shares, such as, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or

- (b) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101, the Company has distributed copies of this Circular, the Notice, the MD&A (as defined below) and the Financial Statements (as defined below) (collectively, the "**Meeting Materials**") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries will often use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a voting instruction form which must be completed and signed by the Non-Registered Holder in accordance with the directions on the voting instruction form (which may in some cases permit the completion of the voting instruction form by telephone); or
- (b) be given a Proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Shares beneficially owned by the Non-Registered Holder, but which is otherwise uncompleted. This Proxy need not be signed by the Non-Registered Holder. In this case, the Non-Registered Holder who wishes to submit a Proxy should otherwise properly complete the form of Proxy and deposit it with Computershare, as described above.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Shares they beneficially own. Should a Non-Registered Holder who receives either a Proxy or a voting instruction form wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should strike out the names of the persons named in the Proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. ***In either case, Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies.***

REVOCATION

A Registered Shareholder who has given a Proxy may revoke the Proxy by:

- (a) completing and signing a Proxy bearing a later date and depositing it with Computershare as described above;
- (b) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing: (i) at the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment or postponement of the Meeting, at which the Proxy is to be used, or (ii) with the Chair of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournment or postponement of the Meeting; or
- (c) in any other manner permitted by law.

A Non-Registered Holder may revoke a voting instruction form or a waiver of the right to receive meeting materials and to vote given to an Intermediary at any time by written notice to the Intermediary, except that an Intermediary may not be required to act on a revocation of a voting instruction form or of a waiver of the right to receive meeting materials and to vote that is not received by the Intermediary at least seven days prior to the Meeting.

VOTING OF PROXIES

The management representatives designated in the enclosed Proxy will vote or withhold from voting the Shares in respect of which they are appointed by Proxy on any ballot that may be called for in accordance with the instructions of the Shareholder as indicated on the Proxy and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. **In the absence of such instructions, such Shares will be voted by the management representatives: (i) FOR setting the number of Directors at six (6); (ii) FOR the election of each of the individual nominees named in this Circular as Directors; (iii) FOR the re-appointment of MNP LLP, Chartered Accountants, Toronto, Ontario, as the auditor (the "Auditors") of the Company and the authorization of the Directors to fix the Auditors' remuneration; (iv) FOR the approval of the Company's new Stock Option Plan (the "New Stock Option Plan"), in accordance with the requirements of the TSXV; and (v) FOR the approval of certain amendments to the Company's Restricted Share Unit ("RSU") Plan (the "RSU Plan"), in accordance with the requirements of the TSXV.**

The enclosed Proxy confers discretionary authority upon the management representatives designated in the Proxy with respect to amendments to or variations of matters identified in the notice of Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Circular, management of the Company know of no such amendments, variations or other matters.

Voting by proxy may also occur over the Internet. The enclosed Proxy or voting instruction form you may receive from your broker or other intermediary contains details on how to vote over the Internet.

NATURE AND RESPONSIBILITIES OF THE COMPENSATION COMMITTEE

In determining the composition of the Compensation Committee, the Board looks to the past and current experience of each Director and strives to include a range of skills and experience to ensure that the Compensation Committee is comprised of Directors who are knowledgeable about public company governance and compensation matters. All of the current members of the Compensation Committee have direct experience relevant to executive compensation either through their compensation committee experience or their executive experience in other companies. They bring a broad base of skills and experience that contribute to their suitability to make informed and independent decisions on the Company's compensation policies and practices, including extensive industry knowledge, human resource management, compensation design experience and financial experience.

Responsibilities of the Compensation Committee

The Board has adopted a formal charter for the Compensation Committee, which provides that one of the primary purposes of the Compensation Committee is to assist the Board in fulfilling its oversight responsibilities in relation to the selection, retention and compensation of senior executives. The Compensation Committee should ensure that the Company has an executive compensation approach that is both motivational and competitive while meeting the goals and objectives of the Company.

The Compensation Committee is involved in setting and reviewing executive compensation in the following ways:

- (a) It reviews, annually or as appropriate, the Company's compensation framework to ensure that it is designed to meet the Company's compensation philosophy and objectives but does not encourage excessive risk-taking by executives and other employees, including appropriate review of the relative weighting of fixed and "at risk" compensation.
- (b) It periodically reviews executive compensation practices among the Company's comparator group to benchmark Giyani's executive compensation practices, including base salaries and applicable targets for short-term and long-term incentive awards to executives.
- (c) It evaluates annually the CEO's performance, which takes into consideration the CEO's annual objectives as may have been established by the Board and input the Compensation Committee has received from other Board members with respect to the CEO's performance and, based on such evaluation, makes recommendations to the Board for approval of the CEO's compensation.

- (d) It evaluates annually the recommendations of the CEO with respect to the compensation of other senior executives who report directly to the CEO, including any performance objectives and, based upon such evaluation, makes recommendations to the Board for approval of the compensation of such other senior executives.
- (e) It evaluates and recommends to the Board the Company's short, medium- and long-term incentive compensation plans and other compensation policies and programs and benefits that may apply to the senior executive group.

The Compensation Committee also assumes responsibility for reviewing and monitoring the long-range compensation strategy for the Company's senior management. The Compensation Committee reviews the compensation of senior management on an annual basis taking into account compensation paid by other issuers of similar size and activity. A copy of the Compensation Committee Charter can be found on the Company's website at giyanimetals.com.

Recommendations of the Compensation Committee are referred to the Board for approval, modification or amendment.

In 2010, Mr. Jones joined African Minerals Limited, and associated companies, as a corporate executive before establishing Makerfield Resources Limited in 2015, a private consulting group providing resource companies with coherent strategies for enhancing value. In May 2019, he was appointed Regional Director, Africa, Europe and Middle East for Hatch Associates' advisory group, Investment and Business Planning. Mr. Jones has a Bachelor of Engineering degree in Mining from the Royal School of Mines (Imperial College) and a postgraduate business qualification from the University of South Africa (UNISA); Mr. Jones is a Chartered Engineer (UK) and a Registered Professional Engineer (South Africa), and is a member of the Institute of Materials, Minerals and Mining (IMMM).

PHILOSOPHY AND OBJECTIVES OF THE COMPENSATION PROGRAM

The Company is a junior resource company with finite resources. The intention of the compensation program is to ensure that the corporate objectives and strategy approved by the Board are supported by appropriate compensation awards on a results-oriented basis. The compensation program for the senior management and Directors of the Company is designed within this context with a view that the level and form of compensation should achieve certain objectives, including:

- (a) to enable the Company to attract, retain and motivate qualified Officers and Directors of the highest calibre in light of the strong competition in the mining sector for qualified personnel;
- (b) to ensure that the interests of the Company's Officers, Directors, and the interests of the Shareholders are aligned;
- (c) to provide a strong incentive to the Officers and Directors of the Company to contribute to the achievement of the Company's short-term and long-term corporate goals;
- (d) to recognize that the successful implementation of the Company's corporate strategy cannot necessarily be measured, for a junior resource company, only with reference to quantitative measurement criteria of corporate or individual performance; and
- (e) to provide fair, transparent, and defensible compensation.

The compensation that is paid to the Company's Officers generally consists of a base amount for consulting fees or salary payable on a monthly or annual basis, performance bonuses (paid in cash, RSUs, or a combination thereof) and equity incentives. The Company's compensation policy reflects a belief that an element of total compensation for the Company's Officers should be "at risk" and aligned with long-term interests of the Company and its Shareholders in the form of Shares or Options, so as to create a strong incentive to build shareholder value.

2021 FORMALIZED COMPENSATION FOR NEOS

The Company's strategy is to become a responsible low carbon producer of battery materials for the electric vehicle ("EV") industry. Giyani is developing a portfolio of manganese oxide deposits in the Kanye Basin of Botswana to produce high purity manganese sulphate monohydrate ("HPMSM"), a precursor chemical used in the production of lithium-ion batteries employed in EVs. Between 2018 and 2021, Giyani undertook a number of exploration studies and drilling campaigns to define Mineral Resources and Mineral Reserves for the K.Hill Project. During 2021, the Company and its specialist technical consultants commenced metallurgical test work to define an optimal process to produce HPMSM directly from ore. A feasibility study ("FS") for the mining and processing of ore from the K.Hill Project to produce approximately 120,000 tonnes of HPMSM per annum commenced in Q1 2021 and is ongoing, with a revised completion date of Q3 2022. In addition to the K.Hill Project, Giyani advanced exploration at the Company's other prospects, Otse and Lobatse, with an initial MRE expected for Otse in the second half of 2022. It is the Company's current intention that mined material from Otse and Lobatse could be transported to the processing plant at the K.Hill Project.

As part of the FS, a process flowsheet was designed from various metallurgical tests to produce HPMSM meeting a minimum product specification collated from feedback of major potential customers and end-users. All HPMSM used in EV battery manufacturing must contain a minimum 31.5% manganese content and very low levels of impurities to ensure safe and reliable battery performance. In April the Company announced the completion of the process flowsheet, Giyani is shortly due to finalize a contract with a specialist hydrometallurgical engineering firm to construct a demonstration plant ("Demo Plant") for the production of HPMSM samples to be used by its potential customers for quality testing. Construction of the Demo Plant is expected to commence shortly with an order already placed for a first crystallizer. Sample shipments to prospective buyers is currently expected in 2023. Key to the Company's goal of being a part of the decarbonization supply chain, the principles of sustainability, social responsibility and good governance are core foundation stones of Giyani's strategy, with all operations being designed with the minimal impact possible on future generations. In parallel with the FS, Giyani is preparing its Environmental and Social Impact Assessment studies ("ESIA") and has commissioned both a life cycle carbon assessment of its proposed project and a solar study to explore options for integration of renewable energy into the Company's power supply. To further Giyani's commitment to promotion of sustainable and responsible mining practices not only at the Company's operations but globally, it has joined the European Battery Alliance and the UK's Critical Minerals Association.

Based on the advancements the Company has made in both 2020 and 2021, the Compensation Committee recommended that the Company's compensation program be formalized during the course of 2021 so that it now comprises of three core components, namely:

- (a) base salary;
- (b) short-term incentives, in the form of annual bonuses of (i) cash and/or (ii) RSUs; and
- (c) medium-term and long-term incentive plan compensation made up of RSUs and Option based awards.

The Compensation Committee will annually review the various elements of compensation to ensure that any awards are aligned with the goals of the Company, Shareholders and each NEO, as well as the Company's compensation objectives and philosophy. A portion of each executive's total direct compensation is variable or "at-risk". This "at-risk" portion of total direct compensation includes the short, medium and long-term incentives which may be awarded on a periodic basis and which are linked to performance. If the individual's or the Company's performance is below the standard expected, or other specific matters incline the Compensation Committee not to make awards, the portion of "at-risk" compensation will decrease and conversely, if the individual's or Company's performance is strong, the portion of "at-risk" compensation will

increase. Such a program meets the goal of aligning the interest of Management with the interest of the Shareholders through the following elements:

- (a) the grant of Options and share-based awards such as RSUs; if the price of a share increases or decreases over time, both executives and Shareholders will be similarly impacted;
- (b) providing for vesting of Options and RSUs over time and/or on achievement of performance objectives; this acts to retain executives and provides an incentive for Management to achieve recognizable milestones so as to benefit from any associated increase in the price of the shares over time, rather than focusing on short-term increases.

Base Salary

Base salary is the principal fixed component of pay and is intended to compensate Officers for fulfilling their duties and to assist in the retention of key executives. The amount payable to Officers as base salary is determined primarily by the current and anticipated future contribution of the Officers and, as noted above, to motivate those Officers to maintain a long-term perspective and remain with the Company. Base salaries are reviewed and, as appropriate in the context of the progression of the Company's objectives and the potential outlook for the Company, adjusted annually. Both the CEO's salary and the salaries for those Officers reporting directly to the CEO are recommended by the Compensation Committee and approved by the Board.

For information on the Company's base salaries for the years ended December 31, 2019, 2020 and 2021, refer to the NEOs summary compensation table on page 25.

Short Term Incentives

Executives and other key employees of the Company may also become eligible for short term incentive payments, in the form of annual bonus awards, which are designed to recognize and reward contribution towards the achievement of the Company's strategic objectives, as well as the achievement of predetermined personal objectives, if applicable. Currently there is no written policy with respect to short-term incentive payments and the recommendation and payment of such incentives is at the discretion of the Compensation Committee and the Board, although certain individual employment contracts may have stated maximum target bonus levels which can be used for guidance. The Compensation Committee evaluates the performance of the CEO and recommends the incentive bonus level for the CEO to the Board for approval.

With respect to the other executives, the CEO evaluates the performance of such individuals and recommends the incentive bonus to the Compensation Committee for its evaluation and recommendation to the Board. The Board will exercise its discretion in determining the aggregate amount of bonuses awarded to all Officers. Bonuses of the executives, when awarded, can be calculated as a percentage of annual base salary, or awarded as an absolute sum, and can be determined on the basis of both corporate and individual performance.

Short Term Incentive Targets

Individual performance objectives can allow for the differentiation of payouts based on individual roles, targets and overall contributions. In development and operating companies, both individual and corporate performance components are compared to a set of specific annual objectives that are pre-determined and, in the case of the CEO, approved by the Board and, in the case of the other executives, recommended by the CEO in conjunction with the Compensation Committee and approved by the Board. Short-term incentive payments will remain at the discretion of the Board and therefore no minimum bonus is recommended to be payable to any executive.

The Compensation Committee, in its absolute discretion, and with input from the CEO where appropriate, will determine the overall bonus achievement following review after completion of the year in question. Annual reviews are typically scheduled in first quarter of each year with formal Compensation Committee and Board approval of any awards falling before the end of first quarter or possibly just following the year end results announcement when the Company comes out of its year end blackout period. The overall percentage achievement will then be used to formulate a recommendation for each senior executive with the following target and maximum weightings to salary (using the salary at the start of the year under review or at the commencement of employment if that falls during the year under review) being applied for the executives for the year ended December 31, 2021:

Position	Incentive Bonus Range as a % of Base Salary	
	Target	Maximum
CEO	100	150
COO	70	100
CFO	70	100

Bonus awards of less than CAD30,000 will be paid in cash, if greater than CAD30,000 the executive would then be given five days to elect to receive:

- a) 80% of this award in cash; or
- b) 120% of this award in RSUs; or
- c) 100% of this award paid 50% in cash and 50% in RSUs.

Measuring Individual Performance

Compensation decisions are typically made using a decision process that involves the CEO, the Compensation Committee and the Board. Compensation decisions are based on corporate and individual performance, where appropriate against set individual performance objectives. Members of the Board will annually consider and approve a formal assessment of the CEO's performance in the year, and recommendations for the next year's compensation of the CEO, from the Chair of the Board. The Chair typically reviews his assessment with the Compensation Committee and makes recommendations to the Board for final approval. Typically, the CEO provides the Compensation Committee with annual performance assessments for each of the executives who directly report to him, and also provides compensation recommendations. The Compensation Committee reviews the compensation recommendations for such direct reports of the CEO, taking into account various factors noted, and makes recommendations to the Board for final approval. Specifically, in assessing individual performance in the context of making executive compensation recommendations, the Compensation Committee and/or the Board consider the Officer's:

- (a) contributions to Giyani's overall performance;
- (b) individual performance relative to any pre-established goals;
- (c) long-term performance and potential for future advancement or ability to assume roles of greater responsibility; and
- (d) where appropriate and comparable, position against competitive market norms for similar roles.

The following key performance indicators and weightings were approved by the Board for the executive team for 2021. These targets are not meant to be binary but seen as a blend of individual and corporate objectives that allow the CEO, Compensation Committee and Board to evaluate a fair bonus award that is transparent to shareholders. These weightings would be proportioned for the length of time over the year in which the executive was in office.

	CEO	COO	CFO
Budget execution	10%	5%	10%
Monthly reporting incl. monthly financial statements			10%
Updated PEA delivery		5%

Medium-Term and Long-Term Incentives

Giyani is looking to provide its Officers with medium-term incentives in the form of RSUs awarded under the Company's RSU Plan, if approved by Shareholders from time to time, including at this Meeting, and long-term incentives in the form of

Options awarded under its Stock Option Plan and New Stock Option Plan, if approved by the Shareholders at this Meeting, or its Stock Option Plan if the Shareholders do not approve the New Stock Option Plan at the Meeting. These Option and Share-based award programs should be an important element in the total compensation program of the Company and are designed to serve the following purposes:

- (a) the recognition of exceptional individual and corporate performance in the previous year;
- (b) the retention of key executive management talent in the Company (a time vesting and/or performance milestone element is typically included as an incentive for the executive to remain with the Company);
- (c) the alignment of executive interests with those of shareholders; and
- (d) the mitigation of short-term risk-taking at the expense of long-term shareholder value.

All awards, other than the CEO's, will be based on the recommendation of the CEO and all are at the discretion of the Compensation Committee and the Board. Both the Compensation Committee and the CEO will look at previous grants as well as prior year performance when considering awards.

Long-term equity incentive compensation in the form of Options may comprise a significant portion of overall compensation for the NEOs and the Board. The Compensation Committee believes that this is appropriate because it creates a strong correlation between variations in the Company's Share price and the compensation of its executives, thereby aligning the interests of the Company's executives and Shareholders.

The Stock Option Plan (or the New Stock Option Plan, as applicable) provides that Options will be issued pursuant to Option agreements to Directors, Officers, employees or consultants of the Company or a subsidiary of the Company. The grant of Options to Officers is determined by the Board as recommended by the Compensation Committee. Options assist the Company in attracting, motivating and retaining top talent. The Company has used initial larger one-time grants to recruit new executives and Directors and ensure that the NEOs have a significant stake in the performance of the Company. The Compensation Committee reviews the option schedule periodically during each financial year and the contributions made to the Company by Officers to determine whether additional Option grants should be made. Previous grants of Options are taken in account when considering new grants. Options issued have a term of five years which encourages the long-term retention of the Company's Officers, employees and consultants.

Discussions by the Compensation Committee and subsequently by the Board are not dependent on or determined by formal analyses, criteria, benchmarking or objectives and are not linked in any quantitative way to the Company's Share price quoted on the TSXV. Rather, the Company relies on the knowledge and experience of the Directors who sit on the Compensation Committee together with background information on other similar companies (subject to the unique aspects of operating in southern Africa or during the unique set of circumstances during the COVID-19 pandemic) in determining appropriate amounts for each element of the compensation package for each NEO.

For more information on the Company's Share-based and Option-based awards for the years ended December 31, 2019, 2020 and 2021, refer to the table below on page 26.

DETERMINATION OF 2021 COMPENSATION

Given the size of the Company's operations and the very small number of employees and executives, the Company's compensation practices must be flexible, entrepreneurial and geared to the objectives of securing the best executives to manage the Company. For the financial year ended December 31, 2021, the Compensation Committee set out to review compensation of other publicly listed junior exploration companies with a view to analyzing NEO compensation. There remains intense competition in the mining industry for executives who have extensive industry experience and the necessary skills to achieve specified corporate objectives and deliver long-term shareholder value.

The Company believes that providing competitive overall compensation enables the Company to attract and retain qualified executives. Grants of long-term incentives in the form of Options serve to further encourage the retention of the Company's NEOs while incentivizing the NEOs to create and protect shareholder value. In the first quarter of 2022 the Compensation Committee engaged an independent consultant to undertake a review of overall remuneration of senior management and Directors. An interim report has been received from the consultant by the Compensation Committee and the completion of this is ongoing and will be used to appropriately align overall remuneration levels once the ongoing review has been completed.

In setting compensation, the Compensation Committee considers various factors. Firstly, the remuneration package for each executive, as a whole, must be reasonably competitive with other similar companies operating in the junior resource sector. Secondly, the cash component must be such that the Company, in the junior resource sector, can reasonably support

it, taking into account that cash is directed into exploration, expansion and acquisition programs. Thirdly, the compensation package should be competitive relative to the Company's peer group.

Given the delays to the FS and Demo Plant encountered during 2021 and early 2022, due to COVID-19, supply chain disruptions combined with the complex metallurgical test work that was ongoing in order to achieve the Company's core objectives, the Compensation Committee and Board agreed with management that the review of 2021 targets, as tabled above for the senior management team, and any short, medium and further long term incentives for all existing employees for 2021 should be put on hold until such time as the Company delivers on its key target of the publication of the FS. In the context of 2022 targets these remain 100% at the discretion of the Compensation Committee and the Board who have agreed to work with management on the delivery of more formal targets once the publication of the FS has been completed.

The appropriate quantum and form of compensation for the NEOs has been based on their qualifications, level of experience, and the compensation being paid to comparable executives working for junior mining companies in the Company's peer groups. In making compensation recommendations to the Board in respect of these elements, the Compensation Committee considers both the cumulative compensation being granted to executives as well as internal comparisons among the Company's executives. The Compensation Committee discussed, reviewed and assessed the performance of each NEO after the year end.

Base Salaries

The CEO's base annual salary increased at the start of 2021 from CAD258,000 to CAD300,00 on account of certain prior contractual targets having been completed. For information on the Company's base salaries for 2021, refer to the NEOs summary compensation table on page 25.

ASSESSMENT OF RISKS ASSOCIATED WITH THE COMPANY'S COMPENSATION POLICIES AND PRACTICES

The Compensation Committee has assessed the Company's compensation plans and programs for its Officers to ensure alignment with the Company's business plan. The Compensation Committee has concluded that the compensation policies and practices do not create any risks that are reasonably likely to have a material adverse effect on the Company.

The Compensation Committee considers the risks associated with executive compensation and corporate incentive plans when designing and reviewing such plans, and programs have generally been implemented by or at the direction of the Compensation Committee.

The core objectives of the Company's executive compensation program should be two-fold: firstly, to retain and motivate employees who have the skills to manage, coordinate and execute the Company's business plan; and, secondly, to retain and motivate executives who have the appropriate blend of skills and experience required to ensure that Giyani's existing licenses and permits remain in good standing and can be developed into a profitable business that benefits all stakeholders while the Company retains its listed public company status and adds value to shareholders on a per share basis.

Accordingly, Giyani must continue to ensure that its executive compensation objectives are designed to motivate and retain executives with the relevant skills and experience to optimize the chances of success for the business.

The Compensation Committee is responsible for the risk oversight of its compensation policies and practices and the implementation of Giyani's key compensation plans to ensure that they do not promote excessive risk-taking. It is therefore recommended that Giyani use the following practices to discourage or mitigate excessive risk-taking:

- (a) **Compensation objectives:** Giyani formalizes compensation objectives as necessary to help guide compensation decisions within an effective short, medium and long-term timeframe, as appropriate.
- (b) **Base salary portion:** with the development of K.Hill Project now being the core focus of the Company, the base salary portion of compensation is designed to provide a competitive and attractive income so that executives are motivated to maintain a long-term perspective and remain with the Company, and do not feel persuaded to pursue other opportunities or pressured to focus on short-term accomplishments that do not necessarily further that ultimate objective.
- (c) **Variable compensation mix:** a portion of target total direct compensation may be delivered through variable compensation (short, medium and long-term incentives). This mix is aimed at providing a strong pay-for-performance relationship, while providing a competitive base level of compensation through salary.
- (d) **Capping of short-term incentive payments:** annual short-term incentive payments should be capped for senior executives at a percentage of base salary, with exceptions at the discretion of the Compensation Committee and the approval of the Board.

- (e) **Performance goals:** any performance goals used to determine the amount of an executive's bonus are measures that the Compensation Committee believes will further the drive for long-term shareholder value and encourage success and retention without encouraging excessive risk-taking to achieve short-term results.
- (f) **Application of discretion:** existing compensation programs allow for discretionary assessment of performance by the Compensation Committee and the Board to ensure pay aligns with perceived and actual performance.
- (g) **Review of incentive programs:** Giyani should review and set performance milestones or other measures and targets where possible to be aligned with plans for the business to ensure continued relevance and applicability of the performance incentive compensation.
- (h) **External independent compensation advisor:** as and when required, management and the Compensation Committee should separately engaged outside compensation consultants who are knowledgeable regarding various compensation policies and their associated risks.
- (i) **Anti-hedging policy:** Giyani should prohibit Officers and Directors from hedging stock-ownership and equity-based compensation in the Company.

The Compensation Committee should continue to review Giyani's compensation plans, in order to conclude that base salary and "at risk" incentives are appropriately balanced and that there are no identified risks arising from Giyani's compensation programs which are reasonably likely to have a material adverse effect on the Company.

Incentive Based Awards and Option-Based Awards

The Company has a Stock Option Plan in place, which was established to provide incentive to qualified parties to increase their equity interest in the Company and thereby encourage their continuing association with the Company. The grant of Options to Officers is determined by the Compensation Committee. The Compensation Committee proposes Option grants on such criteria as performance, previous grants, and hiring incentives. All grants require approval of the Board. The Stock Option Plan is administered by the Board and provides that Options may be issued to Directors, Officers, employees or consultants of the Company or a subsidiary of the Company.

Board Retainers or Cash Compensation

In the Board's view, board retainers or cash compensation should be determined based on the requirements of the members of the board of a junior resource company, as well as a subjective assessment of the compensation the individual could reasonably expect to receive from the Company's peers and upon the Company's capacity to pay.

The Compensation Committee intends to review the Board retainers or cash compensation annually to ensure they remain externally competitive. At the same time, there is an expectation that individual members of the Board be accountable and that a review process is a necessary part of that accountability.

The Company’s governance practices are subject to annual review and evaluation through the Board’s CGNC to ensure that, as the Company’s business develops and grows, changes in structure and process necessary to ensure continued good governance are identified and implemented.

The Canadian Securities Administrators (“CSA”) have adopted National Policy 58-201 – *Corporate Governance Guidelines*, which provides non-prescriptive guidelines on corporate governance practices for reporting issuers such as the Company. In addition, the CSA have implemented National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) which prescribes certain disclosure by the Company of its corporate governance practices. BOARD OF DIRECTORS

As of the date hereof, the Board is comprised of five (5) Directors. All of the Directors as at the date hereof are standing for re-election. More information about each Director can be found in the Circular under the heading “*Information Concerning Nominees Submitted by Management*”.

The roles of the Chair and the CEO of the Company are separate. In addition to being the primary liaison with the Chair and the Board itself, the CEO’s role is to directly oversee the day-to-day operations of the Company, lead and manage the senior management of the Company, and to implement the strategic plans, risk management and policies of the Company. The Chair is the steward of the Board and works to ensure that critical information flows to the Board, that discussions and debate of key business issues are fostered and afforded adequate time and consideration, that consensus on important matters is reached, and decisions, delegation of authority and actions are taken in such a manner as to enhance the

Company's business and functions. The Board currently believes that the separation of these two roles best serves the Company and its shareholders.

DIRECTORSHIPS

The following table provides details regarding Directors of the Company who serve together as Directors on the boards of other public companies as at the date of this Circular and who are standing for election or re-election at the Meeting:

Director	Other Company	Other Company Committee Appointments
Thuso Dikgaka	None	None
Stephanie Hart	Gander Gold Corporation	Chair of Audit Committee
Jonathan Henry	None	None
Robin Birchall	Helium One Global	HSEC Committee
Michael Jones	None	None
John Petersen	None	None

The Board has determined that the simultaneous service of some of its Directors on other board or audit committees does not impair the ability of such Directors to effectively serve on the Company's Audit Committee or any other committee. No Director of the Company is, or has been in the last three years, employed as an Officer of another company where any of the Company's current Officers at the same time serve or served on that company's compensation committee.

ORIENTATION AND CONTINUING EDUCATION

The Company does not provide a formal orientation or education program for new Directors. However, when new Directors are appointed or elected, they receive an informal orientation, commensurate with their previous experience, relating to the Company's industry, business and operations and the responsibilities of Directors of public companies, as well as training with respect to the Company's corporate strategy and the role of the Board, its committees and its Directors by the current Directors and Officers. The members of the Board have experience in mineral exploration projects, mining, legal, financial and audit matters and capital markets, and they continue to work in these areas. New Directors meet with management of the Company in addition to the other Directors of the Company to discuss the Company's business. The Board receives a monthly report from management with respect to the Company's business. The Board encourages Directors to participate in continuing education opportunities in order to ensure that Directors maintain or enhance their skills and abilities as Directors and maintain a current and thorough understanding of the Company's business. Directors are encouraged to attend site visits to the Company's operations with management at minimum annually.

The Company, at the direction of the Corporate Governance and Nominating Committee, has prepared a Board policy manual which is intended to provide a comprehensive introduction to the Board, the committees of the Board and their mandates, and the Company. The orientation and continuing education process is reviewed on an annual basis by the Corporate Governance and Nominating Committee.

ETHICAL BUSINESS CONDUCT

The Board has determined that the fiduciary duties placed on individual Directors by the Company's governing corporate legislation, the common law and the restrictions placed by applicable corporate legislation on an individual Director's participation in decisions of the Board in which the Director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

The Board has established a Whistle Blower Policy (the "**Whistle Blower Policy**") which, among other things, establishes procedures for the receipt, recording and treatment of complaints and concerns regarding accounting activities, internal controls or auditing matters and the confidential submission of concerns in these areas. In addition, the Board has established a Code of Business Conduct and Ethics ("the **Code**") and an anti-bribery and corruption policy (the "**Anti-Bribery & Corruption Policy**") which, among other things, is intended to establish the Company's commitment to a culture of honesty, integrity and accountability. The Code together with the Anti-Bribery Policy and Whistle Blower Policy provides the guidelines for employee behavior and establishes the basis for open communication with a view to ensuring that employees are acting in good faith have the means to report actual or potential violations.

The Board has also established a disclosure policy (the "**Disclosure Policy**"), the objective of which is to ensure that communications with the investing public about the Company are timely, factual, accurate, balanced and disseminated in accordance with applicable legal and regulatory requirements.

The Board has also established an insider trading policy (the "**Insider Trading Policy**"), the objective of which is to ensure that employees, consultants, contractors, Officers and Directors of the Company are informed on matters relating to the awareness of the prohibitions on, and prevention of, insider trading as it relates to personnel employed by, or under contract to, the Company.

In 2022, the Board established a diversity and inclusion policy (the "**Diversity & Inclusion Policy**"), the objective of which is to ensure that employees, consultants, contractors, Officers and Directors of the Company recognize the importance and benefits of having a Board and senior management comprised of highly talented and experienced individuals from diverse backgrounds. In addition, the Board established a human rights policy (the "**Human Rights Policy**"), the objective of which is to ensure that employees, consultants, contractors, Officers and Directors of the Company focuses on respecting human rights and delivering responsibly sourced manganese products, while supporting local governments to protect human rights and to prevent human rights abuses.

Each of the policies is reviewed and approved annually. The policies allow employees throughout the organization to report any unethical or illegal activity without fear of reprisal from their fellow employees, supervisor or other officials of the Company. Illegal activities include but are not limited to fraud, theft, accounting irregularities and bribery.

NOMINATION OF DIRECTORS

The Board works with the CGNC to periodically review the size of the Board and any possible requirement for an increase or decrease in members of the Board. It also recruits and reviews candidates for the position of Director and selects the most appropriate for submission to the Board as a whole for consideration as a potential Director nominee.

For additional discussion of the CGNC, see *Committees of the Board*:

The CGNC's considerations include:

- (c) competencies and skills that the Board, as a whole, should possess and the competencies and skills of each current Director. The Board reviews, as required, the requisite skills and criteria for Board members as well as the composition and size of the Board as a whole in order to ensure that the Board has the requisite expertise, that its membership consists of persons with sufficiently diverse and independent backgrounds, and that its membership consists of an appropriate number of independent Directors;
- (c) identification of individuals qualified to become Board members, consistent with criteria set out by the Board; and
- (d) questions of independence and possible conflicts of interest of members of the Board and of senior executives.

COMPENSATION

The Compensation Committee of the Board determines compensation and incentive awards for the Directors and Officers of the Company based on the individual's skill level and the comparative industry compensation level. For additional discussion of the Compensation Committee see *Compensation Discussion and Analysis* above.

diluted basis, calculated as at the date any Option is granted to any such Investor Relations Service Provider; and

- (c) Unless the Company has obtained the requisite Disinterested Shareholder Approval,
 - (i) the maximum aggregate number of Shares that are issuable pursuant to all Security Based Compensation granted or issued in any 12-month period to any one Optionee shall not exceed 5% of the total number of issued and outstanding Shares on a non-diluted basis, calculated as at the date any Security Based Compensation is granted or issued to such Optionee;
 - (ii) the maximum aggregate number of Shares that are issuable pursuant to all Security Based Compensation granted or issued to Insiders as a group shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis at any point in time; and
 - (iii) the maximum aggregate number of Shares that are issuable pursuant to all Security Based Compensation granted or issued in any 12-month period to Insiders as a group shall not exceed 10% of the total number of issued and outstanding Shares on a non-diluted basis, calculated as at the date any Security Based Compensation is granted or issued to any Insider.
- (3) Shares in respect of which an Option is granted under this Plan but not exercised prior to the termination of such Option, due to the expiration, termination or lapse of such Option or otherwise, shall be available for Options to be granted thereafter pursuant to the provisions of this Plan. All Shares issued pursuant to the exercise of the Options granted under this Plan shall be so issued as fully paid and non-assessable Shares.
- (4) This Plan is an “evergreen” plan and, accordingly, any exercise of Options shall, subject to the overall limit in Section 4(1), make new grants available hereunder effectively resulting in a reloading of the number of Options available to grant hereunder.

5. TERMS AND CONDITIONS OF OPTIONS

5.1 Option Details

With respect to each Option to be granted to an Optionee, the Board shall specify the following terms between the Company and the Optionee:

- (a) the Grant Date;
- (b) the term of the Option;
- (c) the Option Price, provided that the Option Price shall not be less than the Discounted Market Price;
- (d) any vesting schedule upon which the exercise of the Option is contingent, provided that:
 - (i) notwithstanding the other provisions of the Plan, in the case of Options granted to any Investor Relations Service Provider, such Options must vest in stages over a period of not less than 12 months such that:
 - A. no more than 1/4 of the Options vest no sooner than three months after the Options were granted;
 - B. no more than another 1/4 of the Options vest no sooner than six months after the Options were granted;
 - C. no more than another 1/4 of the Options vest no sooner than nine months after the Options were granted; and

- D. the remainder of the Options vest no sooner than 12 months after the Options were granted; and
- (ii) in the case of Options granted to any other Optionee, subject to compliance with the Securities Laws, the Board shall have complete discretion with respect to the terms of any such vesting schedule;
- (e) if the Optionee in respect of an Option grant is an Employee or Consultant, a representation by the Company that the Optionee is a bona fide Employee or Consultant, as the case may be; and
- (f) such other terms and conditions as the Board deems advisable and are consistent with the purposes of this Plan.

5.2 Option Price and Reduction in Option Price

- (a) The Option Price at which an Optionee may purchase a Share upon the exercise of an Option shall be as set forth in the Option Agreement in respect of such Option and in any event shall not be less than the Discounted Market Price. A minimum Option Price shall not be established unless such Option has been allocated to a particular Optionee.
- (b) Disinterested Shareholder Approval shall be obtained for any reduction in the Option Price of Options granted to Insiders, if the Optionee is an Insider of the Company at the time of such proposed reduction in Option Price.

5.3 Extension of Term of Option of Insiders

Disinterested Shareholder Approval shall be obtained for the extension of the term of the Options granted to Insiders, if the Optionee is an Insider of the Company at the time of such proposed extension of the term of the Options.

5.4 Option Agreement

Each Option shall be confirmed by the execution of an Option Agreement. Each Optionee shall have the option to purchase from the Company the Option Shares at the time and in the manner set out in the Plan and in the Option Agreement applicable to that Optionee. The execution of an Option Agreement shall constitute conclusive evidence that it has been completed in compliance with this Plan.

6. EXERCISE OF OPTIONS

6.1 When Options May be Exercised

Unless otherwise stated in this Plan, an Option may be exercised to purchase any number of Shares up to the number of Vested Unissued Option Shares at any time after the Grant Date up to 4:00 p.m. Eastern Time on the Expiry Date and shall not be exercisable thereafter. The Expiry Date shall not be more than 10 years following the Grant Date. In the event the Expiry Date falls within a Blackout Period, the Expiry Date shall be automatically extended to the date that is 10 Business Days following the end of such Blackout Period (the "**Extension Period**"), provided that, if an additional Blackout Period is subsequently imposed by the Company during the Extension Period, then such Extension Period shall be deemed to commence following the end of such additional Blackout Period to enable the exercise of such Option within 10 Business Days following the end of the last imposed Blackout Period.

6.2 Manner of Exercise

- (1) The Option shall be exercisable by delivering to the Company a notice specifying the number of Shares in respect of which the Option is exercised together with payment in full of the Option Price for each such Share. Upon notice and payment there will be a binding contract for the issue of the Shares in respect of which the Option is exercised, upon and subject to the provisions of the Plan.

- (2) Subject to Section 6.2(3), the Option Price shall be paid to the Company by the Optionee in full in cash at the time of exercise by a bank draft, certified cheque or wire transfer. If the Optionee pays the Option Price by a certified cheque and the cheque is not honoured upon presentation, the Option shall not have been validly exercised.
- (3) Cashless Exercise. The Company may, but shall not be obligated to, offer an Optionee the right (the "**Cashless Exercise Right**"), to exercise Options in whole or in part by notice in writing delivered by the Optionee to the Company electing to exercise the Cashless Exercise Right and, in lieu of making a cash payment of the applicable Option Price, the Company will, pursuant to an arrangement with a specified brokerage firm, permit such brokerage firm to (i) loan money to the Optionee to purchase the Shares underlying the Options, (ii) sell a sufficient number of the Shares purchased on exercise of the Options to repay the loan made to the Optionee, and (iii) deliver the balance of the Shares to the Optionee. If an Optionee is permitted by the Company to and does exercise the Cashless Exercise Right in connection with an exercise of an Option, such right is exercisable only to the extent and on the same conditions that the such Option is exercisable under this Plan. Exercise of an Option pursuant to the Cashless Exercise Right, in each instance, is conditional upon the prior written consent of the Company.

6.3 Vesting of Option Shares

Subject to the policies of the Exchange, the other limits on Option grants set out in Section 4 and the vesting schedule in respect of Options granted to Investor Relations Service Provider in Section 5.1(d)(i), but subject to Section 6.4(2), the Board may determine and impose terms upon which each Option shall become Vested in respect of Option Shares.

6.4 Cessation of Eligible Participant Status

- (1) If an Optionee ceases to be an Eligible Participant, his or her Options shall thereafter only be exercisable as follows:
 - (a) Death or Disability. If the Optionee ceases to be an Eligible Participant due to his or her death or Disability or, in the case of an Optionee that is a company, the death or Disability of the person who provides management or consulting services to the Company or to any entity controlled by the Company, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and one year after the date of death or Disability;
 - (b) Termination for Cause. If the Optionee or, in the case of a Consultant Company, the Optionee's employer, ceases to be an Eligible Participant as a result of termination for cause as that term defined in an agreement with the Company and if not so defined, as interpreted by the courts of the jurisdiction in which the Optionee, or, in the case of a Consultant Company, of the Optionee's employer, is employed or engaged, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and the date which is 60 days (30 days if the Optionee was engaged in Investor Relations Activities) after the Optionee or, in the case of a Consultant Company, the Optionee's employer, ceases to be an Eligible Participant;
 - (c) Early Retirement, Voluntary Resignation or Termination Other than For Cause. If the Optionee or, in the case of a Consultant Company, the Optionee's employer, ceases to be an Eligible Participant due to his or her retirement at the request of his or her employer earlier than the normal retirement date under the Company's retirement policy then in force, or due to his or her termination by the Company other than for cause, or due to his or her voluntary resignation, the Option then held by the Optionee shall be exercisable to acquire Vested Unissued Option Shares at any time up to but not after the earlier of the Expiry Date and the date which is 90 days (30 days if the Optionee was

engaged in Investor Relations Activities) after the Optionee or, in the case of a Consultant Company, the Optionee's employer, ceases to be an Eligible Participant provided that the Board may authorize an extension of such period to up to 12 months after the Optionee or, in the case of a Consultant Company, the Optionee's employer, ceases to be an Eligible Participant;

- (d) Spin-Out Transactions. If pursuant to the operation of Section 7.3(c) an Optionee receives options (the "**New Options**") to purchase securities of another company (the "**New Company**") in respect of the Optionee's Options (the "**Subject Options**"), the New Options shall expire on the earlier of: (i) the Expiry Date of the Subject Options; (ii) if the Optionee does not become an Eligible Participant in respect of the New Company, the date that the Subject Options expire pursuant to Section 6.4(1)(a), 6.4(1)(b) or 6.4(1)(c), as applicable; (iii) if the Optionee becomes an Eligible Participant in respect of the New Company, the date that the New Options expire pursuant to the terms of the New Company's stock option plan that correspond to Section 6.4(1)(a), 6.4(1)(b) or 6.4(1)(c) hereof; and (iv) the date that is one year after the Optionee ceases to be an Eligible Participant in respect of the New Company or such shorter period as determined by the Board; and
- (e) Transfer of Ownership of Individual Company. If an individual Eligible Participant transfers his or her ownership or option of securities of his or her Individual Company or issues further shares of any class in such Individual Company to any other individual or entity without the prior written consent of the Exchange, any outstanding Options held by such Individual Company on the date of such transfer or issuance, as applicable, whether in respect of Option Shares that are Vested or not, shall be cancelled as of that date.

(2) For purposes of this Section 6.3,

- (a) the dates of death, Disability, termination, retirement, voluntary resignation, ceasing to be an Eligible Participant and incapacity shall be interpreted to be without regard to any period of notice (statutory or otherwise) or whether the Optionee or his or her estate continues thereafter to receive any compensatory payments from the Company or is paid salary by the Company in lieu of notice of termination;
- (b) an Option that had not become Vested in respect of certain Unissued Option Shares at the time that the relevant event referred to in this Section 6.3 occurred, shall not thereafter be or become vested or exercisable in respect of such Unissued Option Shares (including during any period set out in Section 6.3 following the date of such relevant event) and shall be cancelled; and
- (c) no Optionee shall have entitlement to damages or other compensation whatsoever arising from, in lieu of, or related to not receiving any Option which would have Vested or been granted after the dates of death, Disability, termination, retirement, voluntary resignation, ceasing to be an Eligible Participant and incapacity, including but not limited to damages in lieu of notice at common law.

6.5 Effect of a Take-Over Bid

If a bona fide offer (an "**Offer**") for Shares is made to the Optionee or to shareholders of the Company generally or to a class of shareholders which includes the Optionee, which Offer, if accepted in whole or in part, would result in a Change of Control, the Company shall, immediately upon receipt of notice of the Offer, notify each Optionee of full particulars of the Offer, whereupon (subject to the approval of the Exchange and Section 5.1(d)(i)) all Option Shares subject to such Option will become Vested and the Option may be exercised in whole or in part by the Optionee so as to permit the Optionee to tender the Option Shares received upon such exercise, pursuant to the Offer. However, if:

- (a) the Offer is not completed within the time specified therein; or

- (b) all of the Option Shares tendered by the Optionee pursuant to the Offer are not taken up or paid for by the offeror in respect thereof,

then the Option Shares received upon such exercise, or in the case of clause (b) above, the Option Shares that are not taken up and paid for, may be returned by the Optionee to the Company and reinstated as authorized but unissued Shares and with respect to such returned Option Shares, the Option shall be reinstated as if it had not been exercised and the terms upon which such Option Shares were to become Vested shall be reinstated. If any Option Shares are returned to the Company under this Section 6.5, the Company shall immediately refund the exercise price to the Optionee for such Option Shares.

6.6 Acceleration of Expiry Date

Subject to Section 5.1(d)(i), if at any time when an Option granted under the Plan remains unexercised with respect to any Unissued Option Shares, an Offer is made by an offeror, the Board may, upon notifying each Optionee of full particulars of the Offer, declare all Option Shares issuable upon the exercise of Options granted under the Plan Vested, and declare that the Expiry Date for the exercise of all unexercised Options granted under the Plan is accelerated so that all Options will either be exercised or will expire prior to the date upon which Shares must be tendered pursuant to the Offer. The Board shall give each Optionee as much notice as possible of the acceleration of the Options under this Section 6.6, except that not less than 5 Business Day notice is required and more than 30 days notice is not required.

6.7 Effect of a Change of Control

If a Change of Control occurs, all Option Shares subject to each outstanding Option will become Vested, whereupon such Option may be exercised in whole or in part by the Optionee, subject to Section 5.1(d)(i) and the approval of the Exchange if necessary.

6.8 Exclusion from Severance Allowance, Retirement Allowance or Termination Settlement

If the Optionee, or, in the case of a Consultant Company, the Optionee's employer, retires, resigns or is terminated from employment or engagement with the Company or any subsidiary of the Company, the loss or limitation, if any, pursuant to the Option Agreement with respect to the right to purchase Option Shares which were not Vested at that time or which, if Vested, were cancelled, shall not give rise to any right to damages and shall not be included in the calculation of nor form any part of any severance allowance, retiring allowance or termination settlement of any kind whatsoever in respect of such Optionee.

6.9 Shares Not Acquired

Any Unissued Option Shares not acquired by an Optionee under an Option which has expired may be made the subject of a further Option pursuant to the provisions of the Plan.

7. ADJUSTMENT OF OPTION PRICE AND NUMBER OF OPTION SHARES

7.1 Share Reorganization

Whenever the Company issues Shares to all or substantially all holders of Shares by way of a stock dividend or other distribution, or subdivides all outstanding Shares into a greater number of Shares, or combines or consolidates all outstanding Shares into a lesser number of Shares (each of such events being herein called a "**Share Reorganization**") then effective immediately after the record date for such dividend or other distribution or the effective date of such subdivision, combination or consolidation, for each Option:

- (a) the Option Price will be adjusted to a price per Share which is the product of:
 - (i) the Option Price in effect immediately before that effective date or record date; and

- (ii) a fraction, the numerator of which is the total number of Shares outstanding on that effective date or record date before giving effect to the Share Reorganization, and the denominator of which is the total number of Shares that are or would be outstanding immediately after such effective date or record date after giving effect to the Share Reorganization; and
- (b) the number of Unissued Option Shares will be adjusted by multiplying (i) the number of Unissued Option Shares immediately before such effective date or record date by (ii) a fraction which is the reciprocal of the fraction described in Section 7.1(a)(ii).

7.2 Special Distribution

Subject to the prior approval of the Exchange, whenever the Company issues by way of a dividend or otherwise distributes to all or substantially all holders of Shares;

- (a) shares of the Company, other than the Shares;
- (b) evidences of indebtedness;
- (c) any cash or other assets, excluding cash dividends (other than cash dividends which the Board has determined to be outside the normal course); or
- (d) rights, options or warrants;

then to the extent that such dividend or distribution does not constitute a Share Reorganization (any of such non-excluded events being herein called a “**Special Distribution**”), and effective immediately after the record date at which holders of Shares are determined for purposes of the Special Distribution, for each Option the Option Price will be reduced, and the number of Unissued Option Shares will be correspondingly increased, by such amount, if any, as is determined by the Board in its sole and unfettered discretion to be appropriate in order to properly reflect any diminution in value of the Option Shares as a result of such Special Distribution.

7.3 Corporate Organization

Whenever there is:

- (a) a reclassification of outstanding Shares, a change of Shares into other shares or securities, or any other capital reorganization of the Company, other than as described in Sections 7.1 or 7.2;
- (b) a consolidation, merger or amalgamation of the Company with or into another corporation resulting in a reclassification of outstanding Shares into other shares or securities or a change of Shares into other shares or securities;
- (c) an arrangement or other transaction under which, among other things, the business or assets of the Company become, collectively, the business and assets of two or more companies with the same shareholder group upon the distribution to the Company’s shareholders, or the exchange with the Company’s shareholders, of securities of the Company, or securities of another company, or both; or
- (d) a transaction whereby all or substantially all of the Company’s undertaking and assets become the property of another corporation;

(any such event being herein called a “**Corporate Reorganization**”) the Optionee will have an option to purchase (at the times, for the consideration, and subject to the terms and conditions set out in the Plan) and will accept on the exercise of such option, in lieu of the Unissued Option Shares which he or she would otherwise have been entitled to purchase, the kind and amount of shares or other securities or property that he or she would have been entitled to receive as a result of the Corporate Reorganization if,

on the effective date thereof, he or she had been the holder of all Unissued Option Shares or if appropriate, as otherwise determined by the Board.

7.4 Determination of Option Price and Number of Unissued Option Shares

If any questions arise at any time with respect to the Option Price or number of Unissued Option Shares deliverable upon exercise of an Option following a Share Reorganization, Special Distribution or Corporate Reorganization, such questions shall be conclusively determined by the Company's auditor, or, if they decline to so act, any other firm of Chartered Professional Accountants, that the Board may designate and who will have access to all appropriate records and such determination will be binding upon the Company and all Optionees.

7.5 Regulatory Approval

Any adjustment to the Option Price or the number of Unissued Option Shares purchasable under the Plan pursuant to the operation of any one of Sections 7.1, 7.2 or 7.3 is subject to the approval of the Exchange and any other governmental authority having jurisdiction.

8. MISCELLANEOUS

8.1 Right to Employment

Neither this Plan nor any of the provisions hereof shall confer upon any Optionee any right with respect to employment or continued employment with the Company or any subsidiary of the Company or interfere in any way with the right of the Company or any subsidiary of the Company to terminate such employment.

8.2 Necessary Approvals

The Plan shall be established effective on the date that this Plan has been adopted by the Board (the "**Effective Date**") provided, however, that while Options may be granted prior to the necessary regulatory, stock exchange and shareholder approvals, no Options shall be exercised in accordance with this Plan prior to it having received the necessary regulatory, stock exchange and shareholder approvals. If any Shares cannot be issued to any Optionee for any reason, including, without limitation, the failure to obtain such approvals, then the obligation of the Company to issue such Shares shall terminate and any Option Price paid by an Optionee to the Company shall be immediately refunded to the Optionee by the Company.

8.3 Administration of the Plan

The Board shall, without limitation, have full and final authority in their discretion, but subject to the express provisions of the Plan, to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan and to make all other determinations deemed necessary or advisable in respect of the Plan. Except as set forth in Section 7.4, the interpretation and construction of any provision of the Plan by the Board shall be final and conclusive and will not be subject to any dispute by any Optionee. Administration of the Plan shall be the responsibility of the appropriate officers of the Company and all costs in respect thereof shall be paid by the Company.

8.4 Amendments to the Plan

- (1) Subject to applicable law and to the prior approval, if required, of the shareholders including, where required, by way of Disinterested Shareholder Approval, in accordance with the TSXV Policy 4.4 – *Security Based Compensation*, Exchange or any other regulatory body having authority over the Company or the Plan, the Board may, at any time and from time to time, either prospectively or retrospectively, amend, suspend, terminate the Plan or of any Option granted under the Plan and the Option Agreement relating thereto.
- (2) If the Plan is terminated, the provisions of the Plan and any administrative guidelines and other rules and regulations adopted by the Board and in force on the date of termination will

continue in effect so long as any Options or any rights pursuant thereto remain outstanding and, notwithstanding the termination of the Plan, the Board shall remain able to make such amendments to the Plan or Options granted thereunder as they would have been entitled to make if this Plan were still in effect.

8.5 Withholding Taxes

The exercise of each Option granted under the Plan is subject to the condition that if at any time the Company determines, in its discretion, that the satisfaction of withholding tax or other withholding liabilities is necessary or desirable in respect of such exercise, such exercise is not effective unless such withholding has been effected to the satisfaction of the Company. In such circumstances, the Company may require that the Optionee pay to the Company, in addition to and in the same manner as the exercise price for the Shares, such amount as the Company is obliged to remit to the relevant tax authority in respect of the exercise of the Option. Alternatively, the Company shall have the right in its discretion to satisfy any such liability for withholding or other required deduction amounts by retaining or acquiring any Shares acquired upon exercise of any Option, or retaining any amount payable, which would otherwise be issued or delivered, provided or paid to an Optionee by the Company, whether or not such amounts are payable under the Plan.

8.6 No Fractional Shares

No fractional Shares will be issued upon the exercise of an Option. If, as a result of a consolidation, subdivision, conversion, exchange or reclassification of Shares, an Optionee would become entitled to a fractional Share, such Optionee will have the right to purchase only the next lowest whole number of Shares and no payment or other adjustment will be made with respect to the fractional interest so disregarded.

8.7 Non-Transferability

Options granted pursuant to this Plan shall not be assignable or transferable except:

- (a) by will or by the laws of descent and distribution, and during the lifetime of an Eligible Participant, all benefits and rights granted under this Plan may only be exercised by the Eligible Participant;
- (b) to an Eligible Participant's registered retirement savings plan ("RRSP") or registered retirement income fund ("RRIF"), provided that the Eligible Participant is, during the Eligible Participant's lifetime, the sole beneficiary of the RRSP or RRIF; or
- (c) to an Eligible Participant's Individual Company.

8.8 Form of Notice

A notice given to the Company shall be in writing, signed by the Optionee and delivered to the head business office of the Company. Any such notice will be deemed to have been given on the date on which it was delivered. An Optionee may, at any time, advise the Company of a change in the Optionee's address.

8.9 No Representation or Warranty

The Company makes no representation or warranty as to the future market value of any Shares issued in accordance with the provisions of the Plan.

8.10 Compliance with Applicable Law

If any provision of the Plan or any Option Agreement contravenes any Securities Laws, then such provision shall be deemed to be amended to the extent required to bring such provision into compliance therewith.

8.11 No Assignment

No Optionee may assign any of his or her rights under the Plan or any option granted thereunder.

8.12 Rights of Optionees

An Optionee shall have no rights whatsoever as a shareholder of the Company in respect of any of the Unissued Option Shares (including, without limitation, voting rights or any right to receive dividends, warrants or rights under any rights offering).

8.13 Previously Granted Options

Stock options which are outstanding under pre-existing stock option plan(s) of the Company as of the effective date of this Plan, including the Incentive Stock Option Plan dated May 9, 2012, shall continue to be exercisable and shall be deemed to be governed by and be subject to the terms and conditions of such applicable pre-existing stock option plan.

8.14 Conflict

In the event of any conflict between the provisions of this Plan and an Option Agreement, the provisions of this Plan shall govern.

8.15 Governing Law

The Plan and each Option Agreement issued pursuant to the Plan shall be governed by the laws of the province of British Columbia.

8.16 Time of Essence

Time is of the essence of this Plan and of each Option Agreement. No extension of time will be deemed to be or to operate as a waiver of the essentiality of time.

8.17 Entire Agreement

This Plan and an Optionee's Option Agreement sets out the entire agreement between the Company and the Optionee relative to the subject matter hereof and supersedes all prior agreements, undertakings and understandings, whether oral or written.

8.18 Record of Approval

- (1) This Plan was approved by the Board on May 16, 2022.
- (2) This Plan was approved by the shareholders on June 16, 2022.

A Participant will not be entitled to receive a grant of a Unit Award after the date that the Participant ceases to be an Eligible Director, an Eligible Officer, an Eligible Employee, an Eligible Consultant, or a Non-Executive Director in each case for any reason. The Board is responsible for ensuring and confirming that each Participant to whom Unit Awards are to be granted is a *bona fide* director, officer, employee or consultant (as the case may be).

2.2 Grant of Unit Awards

- (a) The Board may at any time authorize the granting of Unit Awards to such Participants as it may select for the number of Unit Awards that it shall designate, subject to the provisions of this RSU Plan. - (b) The date that a Unit Award is granted shall be the date such grant was approved by the Board.
- (c) Each Unit Award granted shall entitle the Participant to receive one (1) Restricted Share Unit.

- (c) In respect of RSUs granted to Non-Executive Directors, on the Non-Executive Director Vesting Date or within ninety (90) days after that date ("**Non-Executive Director Settlement Date**"), the Company shall settle, in its sole discretion, the Non-Executive Director's vested RSUs through the delivery by the Company of such number of Shares equal to the number of RSUs then being settled or an amount in cash, net of applicable taxes, equal to the Market Price determined as of the Vesting Date of one Share for each RSU then being settled, provided, however, that if the Non-Executive Director Settlement Date of an RSU occurs during a Blackout Period, then the Non-Executive Director Settlement Date shall be automatically extended to the tenth (10th) Business Day following the end of such Blackout Period or lifting, termination or removal of such prohibition. - (e) Notwithstanding the foregoing in this Section 3.3, no Shares will be issued or transferred until:
 - (i) an amount sufficient to cover the withholding taxes payable on the settlement of such RSUs has been received by the Company; or
 - (ii) the Participant undertakes to arrange for such number of Shares to be sold as is necessary to raise an amount equal to such withholding taxes, and to cause the proceeds from the sale of such Shares to be delivered to the Company; or
 - (iii) the Participant elects to redeem for cash such number of RSUs as is necessary raise funds sufficient to cover such withholding taxes with such amount being withheld by the Company.

3.5 Settlement End Date

Notwithstanding anything to the contrary in this RSU Plan, all Unit Awards shall be settled by no later than the tenth (10th) anniversary of their date of issue, failing which all such Unit Awards shall be deemed null and void and of no further effect.

PART 4 EFFECT OF TERMINATION
