

Giyani Announces Private Placement Financing

NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

OAKVILLE, Ontario, April 04, 2019 -- Giyani Metals Corp. (TSXV:EMM) (FRANKFURT:[KT9](#)) (WKN:A2DUU8) (“Giyani” or the “Company”) announces that it is undertaking a non-brokered private placement of units to raise up to \$1 million in immediate new funding.

The Company is offering units at \$0.16 per unit to accredited investors and other exempt purchasers, with each unit consisting of one (1) common share and one half (1/2) of one common share purchase warrant. Each warrant will entitle the holder to purchase one common share at an exercise price of \$0.275 per share for a period of 18 months from the closing of the private placement.

Robin Birchall, CEO of the Company commented:

"The proceeds from this financing will be used to fund the planned reclamation and rehabilitation work, to further explore and evaluate the potential of our Kanye Basin, Botswana licenses and for general corporate purposes. The financing will provide Giyani with another cash resource in addition to the Convertible Loan note proceeds to comfortably accelerate our work program in what we believe is an exciting time for battery grade manganese as a commodity."

Completion of the private placement remains subject to receiving the approval of the TSX Venture Exchange, and, subject to receiving that approval, the closing on received subscriptions is expected on or about April 15, 2019.

Forward Looking Information

This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. All statements in this news release, other than statements of historical fact, that address events or developments that Giyani expects to occur, are "forward-looking statements". Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "does not expect", "plans", "anticipates", "does not anticipate", "believes", "intends", "estimates", "projects", "potential", "scheduled", "forecast", "budget" and similar expressions, or that events or conditions "will", "would", "may", "could", "should" or "might" occur. Specific forward-looking statements and forward-looking information herein includes statements regarding the size of and completion of the private placement and the intended use of the net proceeds from the financing.

All such forward-looking statements are based on the opinions and estimates of the relevant management as of the date such statements are made and are subject to certain assumptions, important risk factors and uncertainties, many of which are beyond Giyani's ability to control or predict. Forward-looking statements are necessarily based on estimates and assumptions that are inherently subject to known and unknown risks, uncertainties and other factors that may cause actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. In the case of Giyani, these facts include their anticipated operations in future periods, planned exploration and development of its properties, financing activities, and plans related to its business and other matters that may occur in the future. This information relates to analyses and other information that is based on expectations of future performance and planned work programs.

Forward-looking information is subject to a variety of known and unknown risks, uncertainties and other factors which could cause actual events or results to differ from those expressed or implied by the forward-looking information, including, without limitation: inherent exploration hazards and risks; risks related to exploration and development of natural resource properties; uncertainty in Giyani's ability to obtain funding; commodity price fluctuations; recent market events and conditions; risks related to the uncertainty of mineral resource calculations and the inclusion of inferred mineral resources in economic estimation; risks related to governmental regulations; risks related to obtaining necessary licenses and permits; risks related to their business being subject to environmental laws and regulations; risks related to their mineral properties being subject to prior unregistered agreements, transfers, or claims and other defects in title; risks relating to competition from larger companies with greater financial and technical resources; risks relating to the inability to meet financial obligations under agreements to which they are a party; ability to recruit and retain qualified personnel; and risks related to their directors and officers becoming associated with other natural resource companies which may give rise to conflicts of interests. This list is not exhaustive of the factors that may affect Giyani's forward-looking information. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in the forward-looking information or statements.

Giyani's forward-looking information is based on the reasonable beliefs, expectations and opinions of their respective management on the date the statements are made and Giyani does not assume any obligation to update forward looking information if circumstances or management's beliefs, expectations or opinions change, except as required by law. For the reasons set forth above, investors should not place undue reliance on forward-looking information. For a complete discussion with respect to Giyani and risks associated with forward-looking information and forward-looking statements, please refer to Giyani's financial statements and related MD&A, all of which are filed on SEDAR at www.sedar.com.
