

Giyani Increases Size of Previously Announced Private Placement Financing

Not for distribution to U.S. newswire services or for dissemination in the United States

OAKVILLE, Ontario, Sept. 11, 2020 -- Giyani Metals Corp. (TSXV:EMM, GR:A2DUU8) ("**Giyani**" or the "**Company**") announces today that it is increasing the size of its previously announced private placement financing from \$1.0 million to \$1.2 million.

The Company's partly brokered private placement of units will now consist of 9,600,000 units priced at \$0.125 per unit to accredited investors and other exempt purchasers, with each unit consisting of one (1) common share of the Company (each, a "**Common Share**") and one half (½) of one Common Share purchase warrant (a "**Warrant**"). Each whole Warrant will entitle the holder to purchase one common share at an exercise price of \$0.20 per share for a period of 18 months from the closing of the private placement (the "**Offering**").

To date the Company has received subscription agreements totalling approximately \$1,100,000. This includes received director, officer and insider subscriptions totalling approximately \$280,000.

In connection with the Offering, the Company has retained Tactex Asset Management Inc. ("**Tactex**"). Tactex is entitled to receive a 6% cash commission on the aggregate dollar amount of subscriptions for units provided by Tactex as well as agent's warrants equal to 6% of the number of units purchased by eligible investors provided by Tactex. The agent's warrants will be exercisable with an exercise price of \$0.125 per unit. The securities to be issued to Tactex will be subject to a four-month-and-one-day hold period from their date of issuance.

Completion of the private placement remains subject to receiving the approval of the TSX Venture Exchange ("**TSXV**"), and subject to receiving that approval, the closing on received subscriptions is expected on or about September 17, 2020. Securities issued in the private placement will be subject to a four-month-and-one-day hold period from their date of issuance.

Robin Birchall, CEO of Giyani Metals Corp. commented:

"We are delighted with the additional demand in this placing. We are very appreciative of the support from our existing shareholders, especially RAB Capital. This will enable us to expand some of our upcoming workstreams, for which we will update the market in due course."

About Giyani

Giyani Metals Corp. is a mineral resource company focused on the development of its K.Hill, Lobatse & Otse manganese oxide prospects in the Kanye Basin, Botswana, Africa. The Company's flagship K.Hill project is a near-surface deposit currently going through a feasibility study to produce high-purity electrolytic manganese metal and manganese sulphate, both key cathode ingredients for batteries in the expanding electric vehicle (EV) market.

Neither the TSX Venture Exchange (the "TSXV") nor its Regulation Services Provider (as that term is defined in the policies of the TSXV) accepts responsibility for the adequacy or accuracy of this news release.

The securities described herein have not been registered under the United States Securities Act of 1933, as amended (the "U.S. Securities Act"), or any state securities laws, and accordingly, may not be offered or sold to, or for the account or benefit of, persons in the United States or "U.S. persons," as such term is defined in Regulation S promulgated under the U.S. Securities Act ("U.S. Persons"), except in compliance with the registration requirements of the U.S. Securities Act and applicable state securities requirements or pursuant to exemptions therefrom. This press release does not constitute an offer

to sell or a solicitation of an offer to buy any of the Company's securities to, or for the account of benefit of, persons in the United States or U.S. Persons.

Forward Looking Information

This press release contains "forward-looking information" within the meaning of applicable Canadian securities legislation. All statements in this news release, other than statements of historical fact, that address events or developments that Giyani expects to occur, are "forward-looking statements". Forward-looking statements are statements that are not historical facts and are generally, but not always, identified by the words "expects", "does not expect", "plans", "anticipates", "does not anticipate", "believes", "intends", "estimates", "projects", "potential", "scheduled", "forecast", "budget" and similar expressions, or that events or conditions "will", "would", "may", "could", "should" or "might" occur. Specific forward-looking statements and forward-looking information herein includes completion of receipt of TSXV approval for the private placement and completion of the private placement.

All such forward-looking statements are based on the opinions and estimates of the relevant management as of the date such statements are made and are subject to certain assumptions, important risk factors and uncertainties, many of which are beyond Giyani's ability to control or predict. Forward-looking statements are necessarily based on estimates and assumptions that are inherently subject to known and unknown risks, uncertainties and other factors that may cause actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. In the case of Giyani, these facts include their anticipated operations in future periods, planned exploration and development of its properties, and plans related to its business and other matters that may occur in the future. This information relates to analyses and other information that is based on expectations of future performance and planned work programs.

Forward-looking information is subject to a variety of known and unknown risks, uncertainties and other factors which could cause actual events or results to differ from those expressed or implied by the forward-looking information, including, without limitation: inherent exploration hazards and risks; risks related to exploration and development of natural resource properties; uncertainty in Giyani's ability to obtain funding; commodity price fluctuations; recent market events and conditions; risks related to the uncertainty of mineral resource calculations and the inclusion of inferred mineral resources in economic estimation; risks related to governmental regulations; risks related to obtaining necessary licenses and permits; risks related to their business being subject to environmental laws and regulations; risks related to their mineral properties being subject to prior unregistered agreements, transfers, or claims and other defects in title; risks relating to competition from larger companies with greater financial and technical resources; risks relating to the inability to meet financial obligations under agreements to which they are a party; ability to recruit and retain qualified personnel; and risks related to their directors and officers becoming associated with other natural resource companies which may give rise to conflicts of interests. This list is not exhaustive of the factors that may affect Giyani's forward-looking information. Should one or more of these risks and uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in the forward-looking information or statements.

Giyani's forward-looking information is based on the reasonable beliefs, expectations and opinions of their respective management on the date the statements are made, and Giyani does not assume any obligation to update forward looking information if circumstances or management's beliefs, expectations or opinions change, except as required by law. For the reasons set forth above, investors should not place undue reliance on forward-looking information. For a complete discussion with respect to Giyani and risks associated with forward-looking information and forward-looking statements, please refer to Giyani's financial statements and related MD&A, all of which are filed on SEDAR at www.sedar.com.
